SINGLE PLAN FOR STUDENT ACHIEVEMENT: EXECUTIVE SUMMARY

INTRODUCTION

Both 2014-15 and 2015-16 are addressed in this Single Plan for Student Achievement (SPSA) document. The nation's movement toward Common Core State Standards (CCSS) is reflected in changes to instructional practices as well as the way in which academic progress is measured. SDUSD has been proactive implementing CCSS as well as piloting Smarter Balanced Assessment (SBAC), the standardized testing developed to measure academic progress associated with CCSS. Additionally, SDUSD has developed internal benchmark assessments for CCSS.

The contents of this SPSA include the 2014-15 SSC approved categorical budget. The work toward approving the 2014-15 categorical budget was

The contents of this SPSA include the 2014-15 SSC approved categorical budget. The work toward approving the 2014-15 categorical budget was completed in the spring of 2014 in preparation for the 2014-15 school year. This document is contained in the appendix and has been updated to address the 2014-15 academic environment and academic goals. The rationales for each expense are identified in the budget.

SCHOOL VISION AND REALITY

Benito Juarez Elementary, a dual language (Spanish English) school, is a school where all children ar welcomed, supported, safe, and cared for by all adults. All children achieve their full academic and social potential through current, rigorous, challenging, and Common Core based instruction. Employees are enthusiastic about their work, say current with professional practice, and collaborate to support the success of all students. Parents and guardians are actively involved in their educational process through volunteerism, governance, and home based support. The campus is inviting, clean, well maintained, and child centered. The school culture is child centered and joyful, welcoming and accepting of all, positive and nurturing, supportive of learning, and focused on improvement. Academic press is evident in all classroom via purposeful lesson planning and execution, is focused on Common Core Standards, is presented with engaging and current methodology, actively engages all students, fosters collaboration, and encourages the collaborative efforts of all adults: teachers, assistants, parents, and community.

PROFESSIONAL DEVELOPMENT

Professional learning is a top priority for our school community. We recognize universal high expectations for all students require ambitious and continual improvements in curriculum, instruction, assessment, leadership practices and support systems. These improvements require effective professional learning to expand educators' knowledge, skills, practices and dispositions. Schools demand effective professional learning focused on substantive results for themselves, their colleagues, and their students. We artfully combine deep understanding and cultural responsiveness to the community we serve. We hold high expectations with support for adult learning by providing multiple structures for professional development in order to achieve school goals. Professional learning is embedded into our vision by communicating that it is a core function for improvement and by establishing and maintaining a public and persistent focus on educator professional learning.

With this understanding, professional development time is provided within the structure of Professional Learning Communities. Analysis of student data is through the lens of SDUSD's learning cycle focus, directly reflected in our vision - "How do we develop students who take an active stance in their own learning and become actively literate, contributing members of a society who make a positive difference in the world?" The school year is broken in to four learning cycles, each cycle building student capacity around this goal. The cycles are:

Cycle I (August-November) - How do we develop an academic, social and physical environment worthy of our children?

Cycle 2 (November -February) - How do we create classrooms that are alive with collaborative conversations?

Cycle 3 (February - April) - How do we create the learning conditions that maximize the potential that is within the variability of all learners?

Cycle 4 (April - June) - How do we develop students that take an active stance in their own learning and the learning of others?

Professional Learning Communities (PLCs) analyze student data in order to monitor student progress toward these goals. Analysis results in responsive instruction. Findings and progress are shared with parents and community via advisory groups and School Site Councils (SSCs).

PROGRAM IMPROVEMENT SCHOOLS YEARS 4 AND 5 (+)

Juarez is in Year 1 of Program Improvement, and professional development monies will provide release time for teachers to closely review pupil work, look at formative assessment methods to inform instruction, and collaborate on plans to support students performing at Basic and below.

SPSA ALIGNMENT TO THE LEA PLAN

SDUSD's LEA goals (12 Quality Indicators for Success) are articulated throughout the SPSA. Each of the 5 Area Goals contained in the SPSA have Title I budgets allocated to supports identified within the LEA plan. Supports include but are not limited to CCSS curriculum alignment via PLC and professional development, extended and intensive learning opportunities, etc. as they are described in the "Budget: Resources Aligned to Area Goals" section of this plan.

PROCESS FOR MODIFYING THE SPSA AND CONCLUSIONS

The SSC has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet API and AYP growth targets. In order to achieve the SMART goals and implement the major strategies and action steps set forth in the plan the following related actions and expenditures have been adopted to raise the academic performance of student groups not meeting state standards.

Advisory groups were consulted during the SPSA development process as documented on the Recommendations and Assurances page.

TITLE I PARENT INVOLVEMENT POLICY OR PARENT INVOLVEMENT POLICY FOR NON-TITLE I SCHOOLS

(Provided by the School Site)

San Diego Unified School District Financial Planning and Development Financial Planning, Monitoring and Accountability Department

BENITO JUAREZ ELEMENTARY TITLE I PARENT INVOLVEMENT POLICY

In the fall, an annual meeting will be held to share with parents a description of the Title I program and its requirements.

Juarez has developed a written Title I parental involvement policy with input from Title I parents. Parental input is welcomed and valued in this process at the School Site Council (SSC)/Site Governance Team (SGT)/Instructional Leadership Team (ILT) meetings, as well as at Chat with the Principal and PTO meetings.

Juarez distributes the policy to parents of Title I students at Back To School Night in early September of the new school year. Additional copies are made available in the school office and on the school website.

The policy describes the means for carrying out the following Title I parental involvement requirements [20 USC 6318 Section 1118(a)-(f) inclusive].

Involvement of Parents in the Title I Program

To involve parents in the Title I program at Juarez, the following practices have been established:

- The school convenes an annual meeting to inform parents of Title I students about Title I requirements and about the right of parents to be involved in the Title I program. This meeting takes place prior to classroom visits at Back to School Night.
- · Additionally, Juarez convenes informal Chat with the Principal meetings, as well as PTO meetings in the mornings, and during the school day.
- •The school involves parents of Title I students in an organized, ongoing, and timely way, in the planning, review, and improvement of the school's Title I programs and the Title I parental involvement policy. All parents are welcome to attend SSC, ELAC, and PTO meetings, as well as the Chat with the Principal, to review the Title I Parent Involvement Policy and provide input.
- The school provides parents of Title I students with timely information about Title I programs at the Back To School Night Parent Meeting. Additionally, Title I documents are posted on the school website and available for review in the school office.
- •The school provides parents of Title I students with an explanation of the curriculum used at the school, the assessments used to measure student progress, and the proficiency levels students are expected to meet. This takes place during Back To School Night during the Classroom Teacher Presentations and review of the curriculum. At monthly Chats with the Principal, curriculum is reviewed with parents, along with summaries of current professional development.
- •If requested by parents of Title I students, the school provides opportunities for regular meetings that allow the parents to participate in decisions relating to the education of their

children. Parents are welcome and encouraged to submit ideas for meeting topics via a parent survey sent home at the beginning of the school year.

*It may be helpful to include the parental involvement policy review in the annual review of the Single Plan for Student Achievement.

**The policy must be updated periodically to meet changing needs of parents and the school. If the school has a process in place for involving parents in planning and designing the school's programs, the school may use that process if it includes adequate representation of parents of Title I children. [20 USC 6318 Section 1118(c) (3)]
