Agreement/Contract Intake and Status Form

Intake (Data provided by Requester)

Intake Date:	March 18, 2013			
Requestor:	Mary Bostwick	858-503-1854	mbostwick@sandi.net	5451
	(Name)	(Phone)	(E-mail)	(Dept. ID)
Previous Agreement Number (attach copy):	None		Targeted Board date:	
New Agreement?	<input type="checkbox"/> YES	Amendment to current Agreement:		<i>No (amendment number)</i>
Title for Board Agreement with:	The Agency for Student Health Research (A4SHR)			
Agenda:	To Provide:	Interdisciplinary Project Based learning opportunities for students at Point Loma High School to review data and develop analyses for possible treatment plans for high school coaches, athletic trainers, athletic directors, nurses or other staff appropriately dealing with sports related injuries.		

• **RECOMMENDATION:**

This Agreement will provide the District with (e.g.: **WHAT** from **WHOM** and for **HOW LONG**)

The purpose of this agreement is to establish Interdisciplinary Project Based Learning opportunities through a partnership with A4SHR and their affiliates to combine statistical and medical expertise and mentoring for high school CTE students. The main goal is the development of programs by CTE students to reduce the number of, and severity of sports related injuries, while creating educational experiences for the students in the disciplines of sports medicine, statistics, and other related areas of study for the 2013-14 school year and beyond.

• **FISCAL IMPACT:**

Provide the **annual not to exceed amount** and describe any other aspect of the expense involved with this item?

There are no costs to the district associated with this program.

• **PRIOR YEAR FISCAL IMPACT:**

(e.g.: There is no previous expense history; or the prior year total expenses)

None. New program.

• **IMPACT TO DISTRICT STAFFING:**

(e.g.: No additional District positions will be required/or the contractor will provide all staffing necessary to provide these services.)

No additional staffing required. Current CCTE instructors will use these services as part of their established curriculum. Physical Education and Nursing staff may also be recipients of the use of the data. There will be no impact to staffing in these departments.

• **CONSULTATION WITH BOARD ADVISORY COMMITTEE:**

(The board advisory committees listed below, were created/established to serve in an advisory capacity to the Board of Education and staff on behalf of their specific target communities and to assist the board in the performance of its responsibilities:

- Audit and Finance Committee
- Advisory Committee on Utilization of Excess School Property (ACUESP)
- Career Technical Education Advisory Committee (CTEAC)
- Community Advisory Committee for Special Education (CAC)
- District Advisory Committee for Compensatory Education (DAC)
- District English Learner Advisory Committee (DELAC)

 Date Received by SSC: _____

- Independent Citizens' Oversight Committee for Prop S (ICOC)
 (If this does not apply to your agenda item, state **Not Applicable**; otherwise, please indicate date(s) consulted with committee and outcome.)

Career Technical Advisory Education Committee

• **BACKGROUND:**

Provide any pertinent associated information: (e.g.: **WHO, WHAT, WHEN, WHERE AND WHY this agreement adds value to SDUSD, student learning, etc.**)

The purpose of this agreement is to use the software developed by A4SHR to record and monitor injuries occurring within the population of San Diego Unified School District and establish Interdisciplinary Project Based Learning opportunities. The goal of each participant and each participating entity is to work together to reduce the number of, and severity of sports related injuries, while creating educational opportunities in the areas of sports medicine, statistics, and other related areas of study. This agreement furthers those intentions through methods of mobile and digital data collection by utilization of A4SHR's InjureFree software, and other methods of data collection.
