

What improvements would we like to see in the future with regards to charter school facilities?

Use words like “improve”, “expand”, “broaden”, “increase”, “decrease” in responding

What issues do we have with the status quo?

Where does the status quo fall short of our more perfect future?

What possible uses of Prop Z funding would move us towards a more perfect future?

Be specific as to a type of use that you might want to see explored, but not specific as to a particular project. Specifics will be of value to bond counsel’s vetting of potential uses.

What criteria might we want to use in evaluating specific projects or uses?

- How will particular projects or uses be proposed?
- What should a project sponsor be required to submit in order to have a project considered?
- What kind of timeline would be appropriate to assure that projects are ready to go when bonds are sold?

What are your thoughts regarding incentives that might discourage re-purposing charter projects to traditional school use in the future?

What do the words “equitable” and “equal” mean to you? How are they the same or different?

How can we best incorporate the perspectives of charter schools whose current circumstances are different than our own?

Suggest ways that the committee can gain a good understanding of the wide variety of needs
