

Dear San Diego Charter School Staff and Board Members:

As you may know, last November local voters approved Proposition Z, a ballot measure authorizing the San Diego Unified School District to issue \$2.8 billion in school facilities bonds. Within this \$2.8 billion pool, the district has preliminarily set-aside \$350 million for charter school projects and established a seven-member Charter School Facility Committee to advise the district on how to allocate these funds and on other charter school facilities matters.

The Committee is accepting applications to fill a vacancy. The Committee is to be comprised of seven members, including five charter school board members or employees, and two individuals with expertise, knowledge or background related to charter school operations/facilities. The current vacancy is a two (2) year term expiring in April, 2014. Eligible applicants for the current vacancy must be either (1) a current charter school board member or (2) a current charter school employee.

Committee members are expected to attend and participate in meetings, review meeting materials, participate in committee work as needed, and adhere to committee bylaws and norms. The committee currently meets approximately twice a month for 2-3 hours. Meetings are open to the public and conducted in accord with state open meeting laws (Brown Act). Additional information regarding the committee, its bylaws, membership, and recent meeting materials is posted online (<http://www.sandi.net/Page/50499>).

If you are interested in serving on the committee, please submit the following application to me and Susan Park (via e-mail to [epremack@chartercenter.org](mailto:epremack@chartercenter.org) and [spark@sandi.net](mailto:spark@sandi.net)) by no later than 5 pm on November 6<sup>th</sup>.

Sincerely,

Eric Premack

Chair, Charter School Facility Committee, and

Executive Director, Charter Schools Development Center
