

COMPREHENSIVE SCHOOL SAFETY PLAN

Hosted by San Diego County Office of Education

Schools have limited resources in order to comply with the numerous mandates regarding Comprehensive Schools Safety Plans. Often times, schools are not provided with adequate time to understand the mandates and complete the plans.

This workshop will guide school teams through the mandates of a Comprehensive School Safety Plan, specifically focusing on:

- Disaster Procedures
- Safe School Plans (Goals & Objectives)

Other topics will include procedures for:

- Child abuse reporting
- Safe ingress & egress
- Notify teachers of dangerous students
- Hate crime
- Discrimination & Harassment policies
- School-wide dress code

- This workshop will be a time to network and share with other school/districts and work to improve plans and procedures for school safety.
- Each participant will receive resource CD that will assist schools/districts in compiling their Comprehensive School Safety Plan.
- Districts and schools are encouraged to create teams of individuals to attend this free “walk-through” and **MUST bring the most recent copy of the district/schools Comprehensive School Safety Plan to this workshop.**

Thursday, September 26, 2013
