GOALS, STRATEGIES, EXPENDITURES, & ANNUAL REVIEW

Goal 1 - Safe, Collaborative and Inclusive Culture

Call to Action Belief Statement

Our work is about widening the sphere of success by engineering equitable learning conditions for all students. We believe classrooms can be places of hope where teachers and students imagine the kind of society we could live in and where educators design meaningful and inclusive education experiences in order for students to be agents of change and make this hope a reality.

District LCAP Goals

4. Positive school environment, climate, and culture – with equity at the core and support for the whole child.

Annual Review of This Goal: SPSA Reviewed 2019-20

***Analysis**

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Our school continues to rank within the top 20% in the district for elementary school attendance. We are very effective at creating a welcoming and safe environment for our students. Overall, our students enjoy coming to school and try their hardest not to be absent. However, from 2018 to 2019 our percentage of chronically absent students increased from 4.9% to 6.0% as noted on the California Dashboard, which is of concern. Specifically of concern is our socioeconomically disadvantaged subgroup of students who increased by 3.9% to 12.3% chronically absent and our English Learners who increased 1% to 11.8% chronically absent. Supports will be put in place to specifically target these two subgroup metrics.

We do not have data for the CAASP for 2020 so we are moving the goals forward

***Major Differences**

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The activities associated with this goal were faithfully executed until school switched to online learning. This year we have adapted all of our Social Emotional Learning/ No Place for Hate/Social Justice lessons to online learning.

***Changes**

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

This year we intensified our commitment to Social Emotional Learning by adopting the Second Step program in Kinder and TK, creating a Black Student Union, and adopted a school-wide commitment to Leader in Me curriculum, 7 Habits of Happy Kids.

***Goal 1 - Safe, Collaborative and Inclusive Culture**

By Date	Grade	Objective	Baseline Percentage	Target Percentage	Measure of Success	Frequency
June 2021	TK-5	maintain 98% attendance rate	baseline	maintain 98%	Attendance	monthly
June 2021	TK-5	Meaningful Participation	52%	62%	CAL-SCHLS (CSPS)	yearly
June 2021	TK-5	Meaningful Participation	45%	60%	CAL-SCHLS (CHKS)	yearly

***Identified Need**

We looked at our chronic absentees (students with more than 20 attendance days of attendance codes per year, not including contracts and major illnesses like cancer) and determined that there are 6% of students in the school who fall into this category. This is an increase of 1.1% from the previous year. Based on the CA Dashboard 2019 for Academic. Engagement: Chronic Absenteeism, our site is in the Orange Performance Level overall. Our socio-economically disadvantaged students have a 12.3% chronic absentee rate which indicates a red performance level overall. This is an increase of 3.9% from the year before. In addition, our English learners have an 11.8% chronic absentee rate, placing our school in the orange level on this indicator. Finally our students with disabilities have an 11.4% absentee rate.

In the Conditions and Climate: Suspension Rate indicator, our site is in the Blue Performance Level with a suspension rate of .2%. We are in the orange level for Students with Disabilities, indicating that we had a suspension rate of 1.4% for this group.

To support district-wide initiatives, we have ensured that we have goals for Black Youth (African American), English Learners, and Students with Disabilities.

***Online Learning Implications**

Social Emotional Learning - Supporting the physical and mental well-being of our students by including social emotional learning into daily lessons and units of instruction.

-Restorative Communities - Acknowledging student behavior and promoting healthy relationships to ensure ALL students and staff feel valued and respected.

-SDUSD's on-site learning option offers students access to daily in-person instruction which is designed and led by teachers to ensure both academic success and social-emotional well-being. Schedules have been purposefully developed to ensure that students will have time to interact with their teachers and their peers and have access to interventions and enrichment.

Green Elementary SCHOOL PLAN FOR STUDENT ACHIEVEMENT

- Social-Emotional Learning and Restorative Justice Practices
- Culturally Responsive-Sustaining Practices and Ethnic Studies offered at the H.S. level
- Social and Emotional Learning (SEL) will be embedded into the instructional core during online and onsite learning.
- Schools will continue wellness efforts via school wellness coordinators.
- Our District will continue to provide Trauma Informed Care & Resilience Education training for educators to equip school site teams in understanding the complexities of these student populations and best practices that can maximize school site efforts.
- Creating a wraparound of student services through building a strong healthy foundation for learning, trusting relationships, identifying trauma, and ensuring student needs are met in and out of the classroom, especially for those of high risk.

Attendance/Chronic Absenteeism related

-Tier 1 - Classroom Teachers will be required to take attendance daily in PowerSchool. Parents of students who are absent will be notified through School Messenger that their child(ren) were absent from the day's learning. Teachers will adjust daily participation and attendance records when students submit completed assignments and or assessments.

*Analysis

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Basis for establishing this goal is a discrepancy in achievement on the CAASP ELA assessment. 35% of Students with disabilities were proficient as compared to the whole school achievement proficiency of 75%.

*Major Differences

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

This activity was faithfully implemented as planned except for difference caused by the transition to online learning. We have no CAASPP data from 2020 so the CAASPP goals are carried over from last year.

2. In 2020-21 school year, Green Elementary will develop and implement a site-specific system for tracking classroom referrals.
3. Green Elementary will create a process for ensuring a student is assigned a Student Champion (staff member) to help them through any suspension or expulsion process.
4. Green will develop a Site Equity Team that meets quarterly throughout the school year to monitor attendance and grades with a focus on Black Youth as well as staff diversity goal.

Green Elementary SCHOOL PLAN FOR STUDENT ACHIEVEMENT

5. In the 2020-21 school year, Green Elementary will develop and implement a site-specific system for tracking school police detainments.
6. The staff diversity goal at Green Elementary is to maintain or increase the percentage of diverse educators from current year to the following school year.
7. Green Elementary will continue to sponsor a Black Student Union group

***Identified Need**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

At our site, the Black Youth student group has been traditionally a smaller population group. We might also have students who are identifying as Two or More Races so they are not specifically being linked to Black Youth achievement. In support of the current district-wide initiative, we are going to start specifically looking at the students at our site who identify as Black Youth and track their academic success as measured by grades and performance on both site and state-assessments (when available). We will also track their referrals and suspensions when that is applicable to on-site learning. After this year of data collection, we will be better able to set goals for this specific group in future years.

Based on a review of our CAASSP data our Black Youth are performing 37% below the school wide average of 77% proficiency in ELA and 25% below the school wide average of 80% proficiency in math.

***Online Learning Implications**

Our District will continue to provide Trauma Informed Care & Resilience Education training for educators to equip school site teams in understanding the complexities of these student populations and best practices that can maximize school site efforts.

- Creating a wraparound of student services through building a strong healthy foundation for learning, trusting relationships, identifying trauma, and ensuring student needs are met in and out of the classroom, especially for those of high risk.
- Culturally Responsive-Sustaining Practices

Strategy/Activity 1

***Students to be served by this Strategy/Activity**

***Strategy/Activity - Description**
