RESOURCE INEQUITIES

We received notification, January 2020, that Ross had been identified as an Additional Targeted Support and Improvement (ATSI) school. According to the California School Dashboard, we had students groups for two consecutive years that had red indicators and/or orange indicators. Our Suspension Rate for Students w/Disabilities in 2018 increased to by 3% to 7.5% from the previous year as well as our Hispanic group from 1% to 4.9%. In 2019, the Suspension Rate for Students w/Disabilities has increased by 3.6% to 11.1% with a decrease in our Hispanic group by 1%. Our Socioeconomically Disadvantage group has maintained at 4.5%. Our Absenteeism Indicator shows that our Socioeconomically Disadvantaged students has increased from 2018 from 13.5% to 14.6% as well as our Hispanic (12% to 16.4% from 2017 to 2019) and Asian from 4.4% to 8%. In English Language Arts the Dashboard data showed in 2017 that overall we were 29.7 points below the standard with our English Learners (36.8 points below), Hispanic 46.9 points below), and Socioeconomically Disadvantaged (32.2 points below) performing in the Orange. In 2018, we remained in Orange with overall 32.4% overall in ELA. Our Hispanic subgroup 50.3 points below standard), Socioeconomically Disadvantaged (33.8 points below), and English Learners at(34.2 below) increasing by 3.9 points. According to our data in 2019, we have moved into the Yellow indicator with 12.6 points below standard. This is an increase of 19.8-point from last year. Our English Learners increase by 16 points from the previous year, Hispanic increased by 12 points, and Seriocomically Disadvantaged increased by 13.4 points.

In Math, the Dashboard showed in 2017 that overall we were 34.2 points below standard with our English Learners in the Orange with 43 points below standard, Hispanic at 55 points below standard and our Socioeconomically Disadvantaged at 38.7 points below standard. In 2018, our overall was 38.4 points below standard declining by 4.2 points from the previous year. Our English Learners were performed 40 points below standard, Hispanic 53.7 points, and Socioeconomically Disadvantage maintained at 38.8 points indicating a plateau in progress. In 2019, our overall indicator is now green with an increase of 20.2 points. Our English Learners have increased by 16.9 points putting them in the green indicator, Hispanic students have increased by 6 points in yellow, and Socioeconomically Disadvantage has increased 13.2 points in yellow zone.

Ross' root cause analysis involved examining data from CAASPP, the California Dashboard, California Healthy Kids Survey, California Parent Survey, site data; and a review of the 2019-2020 SPSA. The school's overall data for 2017 indicates 38.3% of 3rd-5th grade students met or exceeded standards in ELA. In the 2018 school year, 44% of 3rd-5th grade students met or exceeded grade level standards in ELA. There was a gain of 5.7% in the area of ELA from 2017-2018. Based on the data, we need to continue the focus on improving student achievement and closing the achievement gap specifically with our English Learners and students with disabilities. The data also indicates there is an achievement gap with students who are socioeconomically disadvantaged. Over 80% of Ross' student population is considered socioeconomically disadvantaged. In Math, the school's overall data for 2017 indicates 31.3% of 3rd-5th grade students met or exceeded standards in Math. The overall school data indicates a 9.7% increase to 2018 with 41% of 3rd-5th grade students meeting or exceeding grade level standards. To support student progress in ELA and Math, professional development will focus on studying and gaining an in depth understanding of common core standards (teachers will participate in monthly PLCs); strengthening tier 1 instruction by planning and assessing students in student-centered cycles, utilizing common assessments, analyzing in grade level teams, and planning instruction around students with disabilities and ELs. The Mild/Moderate teacher and school counselor will also be part of the monitoring process. Based on the California Dashboard, there are also inequities in the areas of chronic absenteeism and suspension rates. The school counselor will work with students and families in providing needed supports and will work collaboratively with the principal, office staff, para-educators and certificated staff to monitor attendance and social emotional needs. The school community recognizes the importance of a positive, safe, supportive, and inclusive school environment and will continue to implement PBIS and our Leader in Me focus to cultivate a positive school culture

for all stakeholders. This goal will also be in conjunction with Goal 6, Supporting Black Youth and in our development of an anti-racist and restorative school community. We will be at baseline in meeting the needs of our Black or African American students.

We continued to allocate funding to guidance assistants in the 2017 and 2018 school years finding minimal growth in Absenteeism, Suspension, progress in English Language Arts and Math. With our decrease in enrollment and funding, our SSC agreed to eliminate the guidance assistant position, allocated more funds for Visiting Teachers for teachers to attend Professional Development and Student-Centered Cycles, and continued the allocation for our school counselor and library assistant. As reported above our largest growth was between 2018 and 2019, during the time that our teachers were involved in Student-Centered cycles and release time for PLCs for analyzing data, planning, and monitoring student progress. We continued to fund our school counselor and library assistant with revised strategies and activities. Our library assistant has continued maintaining our library in supporting students and teachers on supportive reading materials, projects, and support in the classroom with our Kindergarten class. Our school counselor also started work with a district anti-bullying program, Ally Action Team and is now part of the Leadership Team on our Integrated Multi - Tiered Support Systems with Cohort 2 in our district. The counselor also works closely with students in lunch bunches, small groups as well as one on one. She also works with our School Connection team on absences and suspensions and available for parent consultations.

Goal 2 - English Language Arts

Call to Action Belief Statement

We believe that literacy serves as a key gateway to social justice. Assuring that each and every student is proficient in reading, writing, listening and speaking is, therefore, our moral imperative. We believe that when students are not learning it is our shared responsibility to adjust the frequency, duration, structure and intensity of instruction.

District LCAP Goals

1. Closing the Achievement Gap with High Expectations for All
2. Access to Broad and Challenging Curriculum
3. Quality Leadership, Teaching and Learning
4. Positive School Environment, Climate and Culture – with Equity at the Core and Support for the Whole Child

Annual Review of This Goal: SPSA Reviewed 2019-20

*Analysis

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Resources were allocated to fund the following:

Visiting teachers to release classroom teachers from the classroom for professional development/collaboration in order to design lessons analyze student work/data and improve instructional strategies.

Library Assistant organizes and provides reading resources for students and teachers to achieve reading targets and goals. Also supports the literacy program through Read Alouds, instruction on research and resources.

Allocation to supplies provided necessary resources and tools such as magazine subscriptions (Scholastic), pencils, paper, notebooks, chart paper, etc. for learning.

Field trips provided experiences in the community relevant to classroom learning.

*Major Differences

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We completed second student-centered cycles in ELLA and a 2-week mini-cycle in Math. Teachers completed 3/4 of the DELD cycle before Distance Learning started. Focus students were assessed, data analyzed, and collaborative plans for instruction were completed for Tier 1, Tier 2 and Tier 3. Due to decreased enrollment and decrease in allocated teachers, library assistant time was reallocated to support students according to needs.

Ross Elementary SCHOOL PLAN FOR STUDENT ACHIEVEMENT

*Changes

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Visiting teachers will be provided to release all classroom teachers to include Mild/Mod teacher to work collaboratively with grade levels and the principal to continue student-centered cycles. Teams will meet every 5 to 6 weeks to monitor and assess focus EL and Student w/disabilities with planning around Tier 1, Tier 2, and Tier 3 strategies. Teachers will be released to attend workshops to support needed professional development. Library assistant will be included to support students in the classroom within coordinated learning cycles.

*Goal 2 - English Language Arts

By Date	Grade	Objective	Baseline Percentage	Target Percentage	Measure of Success	Frequency
June 2021	3	Increase the percentage of students meeting and exceeding grade level standards	43%	53%	CAASPP ELA	Annually
June 2021	4	Increase the percentage of students meeting and exceeding grade level standards.	37%	47%	CAASPP ELA	Annually
June 2021	5	Increase the percentage of students meeting and exceeding grade level standards	50%	60%	CAASPP ELA	Annually
June 2021	3-5	Increase the percentage of students meeting and exceeding grade level standards.	40%	50%	CAASPP ELA	Annually
June 2021	3-5	Increase the number of students on the FAST aReading scoring at College Pathway	* Begin Baseline from Fall 2020	* Base on Fall 2020 data	FAST aReading	Triennially

*Identified Need

The school's overall data for 2017 school year indicates 36.4% of 3rd-5th grade students met or exceeded standards in ELA. In the 2018 school year, the data indicates 38.3% of 3rd-5th grade students met or exceeded grade level standards in ELA. There was a slight gain of 1.9% in the area of ELA from 2017 to 2018. In the 2019 school year, the data indicates 44% of 3rd-5th grade students met or exceeded grade level standards in ELA. This was a 5.7% gain. Based on the data, we need to continue focus on improving student achievement and closing the achievement gap specifically with our English Learners and students with disabilities. The data also indicates there is an achievement gap with students who are socioeconomically disadvantaged. Over 79% of Ross' student population is considered socioeconomically disadvantaged. This group is addressed in the goal for all students.

To continue to support student progress in ELA, professional development will focus on studying and gaining an in-depth understanding of common core standards (teachers will participate in monthly PLCs); strengthening Tier 1, 2, and Tier 3 instruction by threading learning goals, targets throughout the literacy block, and planning around the release of responsibility throughout the school year.

*Online Learning Implications

-Flexibility for teachers to provide both whole group, small group and individual instruction

-Multiple assessment opportunities embedded throughout to allow teachers to assess and provide feedback to support students as they move toward mastery

-Professional development for educators

-In preparation for offering both online and on-site learning during the 2020-2021 school year, schools will refine their comprehensive assessment plans to include both virtual assessment tools and in-person assessments.

***Identified Need**

The school's overall data for the 2017 school year indicates 36.4% of 3rd-5th grade students met or exceeded standards in ELA. In the 2018 school year, the data indicates 38.3% of 3rd-5th grade students met or exceeded grade-level standards in ELA. There was a slight gain of 1.9% in the area of ELA from 2017 to 2018. In the 2019 school year, the data indicates 44% of 3rd-5th grade students met or exceeded grade-level standards in ELA. This was a 5.7% gain. Based on the data, we need to continue to focus on improving student achievement and closing the achievement gap specifically with our English Learners and students with disabilities. The data also indicates there is an achievement gap with socioeconomically disadvantaged students. Over 79% of Ross's student population is considered socioeconomically disadvantaged. This group is addressed in the goal for all students. To continue to support student progress in ELA, professional development will focus on studying and gaining an in-depth understanding of common core standards (teachers will participate in monthly PLCs); strengthening Tier 1, 2, and Tier 3 instruction by threading learning goals, targets throughout the literacy block, and planning around the release of responsibility throughout the school year.

STEAM

Our Vision

Our work is about widening the sphere of success by engineering equitable learning outcomes for all students. We believe classrooms can be places of hope where teachers and students imagine the kind of society we could live in and where educators design meaningful and inclusive educational experiences in order for students to be agents of change and make hope a reality.

STEAM Belief Statement

We believe students grow and thrive in powerful and dynamic STEAM classrooms where they experience a collaborative, interdisciplinary, and inquiry approach to learning. The curriculum is grounded in Next Generation Science Standards with many opportunities for complex, real-world problem seeing and solving. Each day students will experience hands-on, integrated lessons inviting them to design, innovate, and apply their literacy, numeracy, science, engineering, arts, and 21st century skills to non-routine tasks. Students in STEAM classrooms are empowered to see opportunities, build empathy, and create innovations with the potential to affect their world in real and powerful ways.

Leading, Implementing, Monitoring, and Actualizing a Coherent Plan

We will foster a culture of STEAM by making sure all stakeholders are involved including students, parents, community, staff, and after school program. We will continue to build capacity to ensure fidelity and sustainability of STEAM by our TK/K and 1st grade teachers and principal supporting our newest grade level teachers at 2nd grade. Teachers have attended NGSS capacity building workshops at the upper grade level and have collaborated in a 4th/5th grade science lab format. We will also encourage community support through our cluster middle and high schools. Resources in our own community will also be encouraged.

Teachers will be supported in implementing STEAM lessons a minimum of 4 hours per week by making this an expectation across all grade levels. This will be adjusted during the time during On-Line Learning. We will also plan for integrated subject areas in literacy, math and science. Prioritizing STEAM lessons and scheduling will be necessary to accomplish this goal. School administrator will observe lessons and provide feedback.

PARENT & FAMILY ENGAGEMENT POLICY

San Diego Unified School District
Finance Division
Financial Planning, Monitoring and Accountability Department

Ross Elementary
TITLE I PARENT AND FAMILY ENGAGEMENT POLICY 2020-2021

In the fall, an annual meeting will be held to share with parents a description of the Title I program and its requirements.

Ross Elementary] has developed a written Title I parent and family engagement policy with input from Title I parents. **SSC Meeting on October 1, 2020**

It has distributed the policy to parents of Title I students **Back to School Night on October 7, 2020 in Class Dojo.**

This policy describes the means for carrying out designated Title I, Part A parent and family engagement requirements pursuant to ESSA Section 1116(c).
