## SCHOOL PLAN FOR STUDENT ACHIEVEMENT: EXECUTIVE SUMMARY

### **PURPOSE AND DESCRIPTION**

This School Plan for Student Achievement fulfills the requirements of schoolwide program.

### PURPOSE AND DESCRIPTION (ESSA REQUIREMENTS)

All goals contained in the SPSA are directly linked to the SDUSD's LCAP goals 1-5 as outlined below. All LCAP goals contained in this plan directly support the ESSA requirements to close academic achievement gaps for all students.

LCAP Goal 1: Closing the achievement gap with high expectations for all.

LCAP Goal 2: Access to broad and challenging curriculum.

LCAP Goal 3: Quality leadership, teaching and learning

LCAP Goal 4: Positive school environment, climate, and culture – with equity at the core and support for the whole child.

LCAP Goal 5: Family and community engagement with highly regarded neighborhood schools that serve students, families and communities.

#### **STAKEHOLDER INVOLVEMENT (REQUIRED)**

Stakeholder Involvement in Development of SPSA Plan

- SSC Meeting Feb 2020 budget approval
- SSC Meeting 9/25/20
- Staff Meeting 9/30/20
- SSC Meeting 10/2/20 SPSA approval

### **Resource Inequities**

In 2019-20 we worked hard to increase achievement for all students by investing our categorical resources in:

- -VAPA teachers to cover PLC time for teachers to come together around student achievement
- -Visiting teachers to cover our Leadership Team to come together for 4 full-day retreats

-Funding an additional 1.5 days of counseling/week to support the social-emotional development of our students as well as refine our Response to Intervention Program

- -Funding an 8 hour/week EL assistant to work on supporting ELs and reclassification
- -Paying for multiple teachers admission to attend Columbia University Teachers College Reading or Writing Summer Institute

Our 2019 CAASPP data indicates that we have seen the achievement of our students increase across the board. Spreckels went up 9% overall in Mathematics, up 6% overall in English Language Arts. While we saw data increases across the board we still see a stark inequity between our overall achievement of our student body and the achievement of our English Learners, which will be an area of focus in the 2019-20 school year. Root cause analysis indicates we have some critical areas of focus to continually move the achievement dial for all learners- increasing our attendance rate with a focus on students who are chronically absent, continue our work on Tier 1 instruction with a focus on inclusivity and collaboration to increase

engagement in learning, and focused differentiated and targeted instruction for our students not yet performing at grade level. In order to work strategically on these areas, we have aligned our focus, resources, and strategic plan to match the needs of our school community. Due to school closures in March 2020, CAASPP did not occur. Many goals will move forward with the anticipation of testing in Spring 2021.

This will be our first year not receiving Title I funding as well as a decrease in LCFF funding due to changing demographics in our enrollment. We are closely working our PTA to fund critical programs for continuity. For 2020-21 our PTA has committed to fund copy paper, nine rounds of half-day VAPA PLCs for all grade levels, Lexia Core 5 Online reading program, Raz-Kids online reading program, and Achieve 3000 online reading program.

## GOALS, STRATEGIES, EXPENDITURES, & ANNUAL REVIEW

## Goal 1 - Safe, Collaborative and Inclusive Culture

#### **Call to Action Belief Statement**

Our work is about widening the sphere of success by engineering equitable learning conditions for all students. We believe classrooms can be places of hope where teachers and students imagine the kind of society we could live in and where educators design meaningful and inclusive education experiences in order for students to be agents of change and make this hope a reality.

#### **District LCAP Goals**

4. Positive school environment, climate, and culture – with equity at the core and support for the whole child.

## **Annual Review of This Goal: SPSA Reviewed 2019-20**

\*Analysis

Spreckels Elementary was able to implement all strategies listed in the 2019-20 plan until school closure in March 2020. Having additional counseling time was essential in the success of these programs as they oversaw the entire program and supported all of the work being done site-wide to encourage and celebrate positive attendance.

We set goals for the 2019-2020 school year based on the 2018 CA Dashboard with a focus on improving the chronic absenteeism rates for all students, English Learners, Hispanic or Latino students, and Students with Disabilities. We also set goals to increase our monthly attendance rates for all students. On the 2019 California Dashboard, Spreckels had shown noted improvement in decreasing chronic absenteeism: For "All Students" we decreased from 10.8% to 9.2%, English Learners went from 11.5% to 9.9%, Socioeconomically Disadvantaged Students went from 15% to 15.4%, Students with Disabilities went from 25.6% to 19.4%, and Hispanic Students went from 14.9% to 13.3%.

Our site monthly attendance was at 97% or higher every month from September through February. With sites closing mid-March, the way that we tracked attendance through the end of the school year changed. We were able to get about 98% attendance and 99% connectivity with students and families during online learning from April to June. We will set a new goal for attendance for the 2020-2021 school year and move out chronic absenteeism goals forward as we do not have 2020 CA Dashboard data.

#### \*Major Differences

There were no major differences in the intended implementation and budgeted expenditures from September 2019-March 2020. Upon school closure, our attendance strategies pivoted to be responsive to distance learning. We heavily employed the use of our counselor, tight monitoring of participation, and consistent messaging on the importance of attendance. However, our school wide incentives were not utilized during distance learning.

#### \*Changes

We saw positive results from this goal and intend to maintain all strategies from our 2019-20 goal. We are layering in the support of home visits as part of a tiered strategy to reduce the risk of chronic absenteeism with our families who struggle with attendance.

*Goal 1 - Safe, Collaborative and Inclusive Culture											
By Date	Grade	Objective	<b>Baseline Percentage</b>	Target Percentage	<b>Measure of Success</b>	Frequency					
une 2021	TK-5	Maintain monthly attendance at 97.5% or higher	97%	97.5%	Attendance	Monthly					
une 2021	TK-5	Decrease chronic absenteeism	9.2%	7%	Chronic Absenteeism	Annually					

Attendance is a critical factor in student success. Our attendance data at Spreckels has tended to start at a higher rate at the beginning of the school year and then taper off. Additionally, we have various special populations of students who are chronically absent. Our work in goal one is to consistently maintain a high overall attendance rate at Spreckels while systematically decreasing chronic absenteeism.

On the 2019 California Dashboard, Spreckels is in the Green Performance Level for Chronic Absenteeism at 9.2%, which is a decrease of 1.6% from 2018. We have one student group in the Orange: Socioeconomically Disadvantaged. We have no groups in the Red.

Based on district-wide initiatives, we are also including AMOs for Students with Disabilities, English Learners and Black or African Americans. Our Students with Disabilities are in the Yellow Performance Level. In the Yellow Performance Level, we have four student groups. We can see there is a significant percentage of students who are chronically absent in three student groups: Students with Disabilities, Hispanic, and Two or More Races. The 5.4% of our White students who are chronically absent do not represent a significant number of students at our site. We will track them with all students in the overarching goal. Our Students with Disabilities are at 19.4% chronically absent, which is a decrease of 6.2% from 2018. We also want to set AMOs for Hispanic and Two or More Races as a significant percentage of these students are chronically absent. At Spreckels, our English Learners are in the Green Performance Level for Chronic Absenteeism with 9.9% chronically absent with is a decrease of 1.6% from the previous year. Our Black or African American student group is too small to have state level data reported so we will structure their AMO around our site-based metric of attendance.

While we are excited about the positive trajectory of our attendance data and the decline of our chronic absenteeism, we understand there is still further work to be done in decreasing the number of students who miss 10% or more of their instructional school year. We intend for our continued efforts to decrease these numbers further as reflected in our goals.

#### **\*Online Learning Implications**

Spreckels team has developed a tiered system of monitoring and support for attendance during online learning. The system works as follows: Tier 1 requires teachers to monitor attendance daily and reach out to students if they do not show up without reason, this hard and anecdotal data is captured in a

weekly report reviewed by the site attendance team. If a teacher is unsuccessful in re-engaging the student, the attendance team begins Tier 2, which involves reaching out to the family. Should Tier 2 not be effective, the team moves to Tier 3 and initiates a home visit. If Tier 3 is unsuccessful, the district team is notified for support.

By Date	Grade	Student Group	Objective	Baseline	Target	Measure of	Frequency
-				Percentage	Percentage	Success	
June 2021	TK-5	Hispanic or Latino	Decrease chronic	13.3%	10%	Chronic	Monthly
			absenteeism			Absenteeism	
June 2021	TK-5	English Learner	Decrease chronic	9.9%	7%	Chronic	Monthly
		-	absenteeism			Absenteeism	
June 2021 TK-5	TK-5	Students with	Decrease chronic	19.4%	13%	Chronic	Monthly
		Disabilities	absenteeism			Absenteeism	
June 2021	TK-5	Socioeconomically	Decrease chronic	15.4%	10%	Chronic	Monthly
		Disadvantaged	absenteeism			Absenteeism	
June 2021	TK-5	Two or More Races	Decrease chronic	15.5%	10.5%	Chronic	Monthly
			absenteeism			Absenteeism	
June 2021	TK-5	Black or African	Increase attendance	Baseline	+5%	Attendance	Monthly
		American					

#### \*Students to be served by this Strategy/Activity

Unduplicated students/All students who are at-risk of being chronically absent

#### \*Strategy/Activity - Description

The UPP at Spreckels is 39.2% for the 2020-2021 school year. Knowing that these students in particular depend on schools to provide them resources, the site determined that adding an additional day and a half of counseling would be a good support for students both their academic and social-emotional well-being. The counselor will be the lead of our Site Attendance Team. The team will meet weekly to review attendance data and intervene as necessary. By increasing the frequency of meetings from the previous year, this will allow the team to initiate interventions in an efficient and timely manner. Using data from the classroom teacher, interventions designed with the classroom teacher will include determining the cause for regular absences to mitigate them, making regular family contacts, supplying families with needed supports to attend school, resolving transportation issues, conducting home visits. The counselor also plays key roles in our RtI process, our No Place for Hate program among other essential programs for our entire site.

## Goal 2 - English Language Arts

#### **Call to Action Belief Statement**

We believe that literacy serves as a key gateway to social justice. Assuring that each and every student is proficient in reading, writing, listening and speaking is, therefore, our moral imperative. We believe that when students are not learning it is our shared responsibility to adjust the frequency, duration, structure and intensity of instruction.

**District LCAP Goals** 

- 1. Closing the Achievement Gap with High Expectations for All
- 2. Access to Broad and Challenging Curriculum
- 3. Quality Leadership, Teaching and Learning
- 4. Positive School Environment, Climate and Culture with Equity at the Core and Support for the Whole Child

## **Annual Review of This Goal: SPSA Reviewed 2019-20**

#### \*Analysis

Through our focused work over the course of the 2018-19 school year, we saw increased reading achievement at each grade level TK-5th grade. Our release time in PLCs was focused on student achievement and the implementation of strategies and support for our struggling learners. Additionally, through strengthening our RtI meeting and monitoring process, overseen by our counselor, we increased our ability to identify struggling learners that were "falling through the cracks" in previous years.

In 2019-20, we continued our strong work around supporting our students' development in literacy. With a strong focus on our struggling learners, we utilized an online, computer-adaptive reading program to support our students as an intervention. We also maintained our focus in PLCs and RtI. Our goals for 2019-2020 were around improved performance on the CAASPP ELA for all students, English Learners, and Students with Disabilities. Due to the pandemic, sites were closed in mid-March and no state testing happened. These goals will be moved forward. We will also be setting goals this year around a site-based metric so that we can more regularly monitor student achievement.

#### \*Major Differences

Upon the closure of schools in March 2020, several of our strategies were modified or put on hold:

- RtI meetings did not occur during the last trimester of school
- Lexia, our online reading support program, was made available to ALL students regardless of level to support online learning
- PLCs supported by VAPA teachers were sunsetted
- Amount of instruction per day was significantly modified March 2020-June 2020
- Supplemental instructional materials were purchased but arrived late in the year (after March)

- SBAC testing did not occur

- Reading Support Teacher did not perform full 10 weeks of support and support was entirely online As a result we did not have a full year of implementation of our proposed strategies

#### \*Changes

Moving into the 2020-21 school year, we no longer qualify for Title I funds and have received a reduction in our LCFF funding. As a result, a number of strategies will be modified. We will no longer fun a reading support teacher, we have looked to PTA to fund our VAPA PLCs and continue to fun Lexia, ILT retreats have been cut back.

*Goal 2 - Ei	Goal 2 - English Language Arts										
By Date	Grade	Objective	<b>Baseline Percentage</b>	Target Percentage	<b>Measure of Success</b>	Frequency					
June 2021	3-5	Will meet or exceed standards	60%	70%	CAASPP ELA	annually					
June 2021		increase the percentage of students at or above grade level	baseline	70%	DRA 2	annually					

#### \*Identified Need

This goal was formed based on several data points. The first data point was looking at the history of ELA CAASPP scores and their trajectory over time in conjunction with the implementation of our new curriculum. In 2017, our overall ELA scores were 57%, in 2018, 52%, and in 2019, 60%. When we consider this alongside teacher-reported reading data in primary grades, we can anticipate that we will see increased growth as we continue our work. At the end of 2019, we had a 2nd-grade class who had had the entirety of their instruction at Spreckels taught through the Teachers College Units of Study. The data reflected that 75% of these 2nd graders (entering 3rd grade this year) were at or above grade level in reading. This is a sharp increase from the previous year's data. It is promising that the data from Kinder and 1st grade at the end of 2019 mirrors success rates in the 70%s for both of these groups as well. We are maintaining the same goal for the 2020-21 school year in hopes CAASPP testing will occur.

On the 2019 CA Dashboard for the English Language Arts indicator, Spreckels is in the Blue Performance Level at 15 points above standard, which is an increase of 16.2 points from 2018. We have no students in the Red Performance Level. Our Students with Disabilities group is in the Orange Performance Level at 83.6 points below standard. This is an increase from 2018 of 8.7 points. In support of district-wide initiatives, we are also including AMOs for English Learners and Black or African American students. Our English Learners group is 47.3 points below standard. This is an increase from 2018 of 16.1 points. Our African American student group is too small for state-level reported data. We will be setting an AMO for this group using a sitebased metric.

#### **\*Online Learning Implications**

During online learning, students are still expected to make adequate growth in English Langue Arts. In order to support this, we have implemented several specific strategies for online learning:

- Purchased the online video library of lessons from the Teacher's College, writers of our known literacy curriculum

- Created aligned online teaching schedules to maximize literacy support for struggling learners

- Implemented small group literacy instruction immediately for early readers

By Date	Grade	Student Group	Objective	Baseline	Target	Measure of	Frequency
U				Percentage	Percentage	Success	
June 2021	3-5	English Learner	will meet or exceed	16%	25%	CAASPP ELA	annually
June 2021	3-5	Students with Disabilities	will meet or exceed	18%	25%	CAASPP ELA	annually
June 2021	TK-5	Black or African American	at or above grade level	Baseline	70%	DRA 2	annually

### **Professional Development**

### \*Students to be served by this Strategy/Activity

All students

#### \*Strategy/Activity - Description

In order to support the reading development of all our students, teachers will engaged in job-embedded professional learning combining whole staff professional development on science of how people learn alongside grade level PLC inquiries into their own practice. This study will allow teachers to refine their Tier 1 instruction and support all students in engaging in rigorous literacy instruction.

*Propos	sed Expenditures fo	or this	Strateg	y/Activity

	Vist Tchr				4760-01000-0000	Alloc			collaboration
					4760-01000-0000	Alloc			collaboration

#### \*Additional Supports for this Strategy/Activity

PTA- funded VAPA PLCs for grade level teams to meet nine times/year

## **Online Reading Support Programs**

\*Students to be served by this Strategy/Activity

All students

#### \*Strategy/Activity - Description

Utilize online reading support programs to supplement reading instruction. Such programs are extra critical during a year when much of our teaching is occurring online. These programs lay alongside strong teaching and learning and provide opportunities for literacy practice beyond the school day. These programs allow teachers to assign leveled tasks to students for independent practice in their area of need. The programs/online tools used are: - Teacher's College Online Video Library (Grades TK-5)

#### \*Proposed Expenditures for this Strategy/Activity

			E	7. V					
ID	Proposed	FTE	Salary	Estimated	Funding Source Budget	Funding	LCFF Student	Reference	Rationale
	Expenditures			Cost	Code	Source	Group		
N0263S	Supplies		\$5,000.00	\$5,000.00	0263-00000-00-4301-1000-	Discretionary	[no data]		Use to purchase video library
					1110-01000-0000	Alloc			for teachers

#### \*Additional Supports for this Strategy/Activity

PTA has funded the following literacy programs for the 2020-21 School Year:

- Lexia Core 5 (Grades TK-5)

- Raz-Kids (Grades TK-2)

- Achieve 3000 (Grades 3-5)

## **Goal 3 - Mathematics**

#### **Call to Action Belief Statement**

All students engage in rigorous and relevant mathematics to solve problems associated with personal, civic and professional contexts and are able to effectively explain and communicate their reasoning to a variety of audiences.

**District LCAP Goals** 

- 1. Closing the Achievement Gap with High Expectations for All
- 2. Access to Broad and Challenging Curriculum
- 3. Quality Leadership, Teaching and Learning

## **Annual Review of This Goal: SPSA Reviewed 2019-20**

#### \*Analysis

In 2019, Spreckels saw an increase in overall math performance on the CAASSP Assessment of 8% overall from 54% to 62%. Our focus on reading and thinking in PLCs translated directly to our students' mathematical skills of reasoning and ability to explain their thinking. Additionally with the support of a math coaching cycle in 2019, our staff has become increasingly aware of varying ways to teach mathematics for in-depth understanding. Such curiosity has prompted 3 teams to engage in math inquiries during their PLC time during the 2019-20 school year.

Our goals for 2019-2020 were around improved performance on the CAASPP math for all students, English Learners, and Students with Disabilities. Due to the pandemic, sites were closed in mid-March and no state testing happened. These goals will be moved forward. We will also be setting goals this year around a site-based metric so that we can more regularly monitor student achievement.

#### \*Major Differences

Several PLCs began to shift their focus towards math instruction and learning. Their time to probe this inquiry was cut short when school closed in March 2020.

#### \*Changes

With the loss of our Title 1 funding for the 2020-21 school year and a reduction in LCFF, we will seek creative ways to continue to support teachers in coming together in professional learning communities to study and implement best practices in teaching and learning, specifically mathematics.

*Goal 3 - Mathema	atics					
By Date	Grade	Objective	<b>Baseline Percentage</b>	Target Percentage	<b>Measure of Success</b>	Frequency
June 2021	3-5	meet or exceed	62%	70%	CAASPP Math	Annually
June 2021	TK-5	meet or exceed	baseline	70%	End of Unit	Quarterly
					Assessments	

#### \*Identified Need

As our students make continual growth in mathematics, we have set a goal to demonstrate their learning on state standardized testing to continue to demonstrate mastery using this measure.

On the 2019 CA Dashboard for the Mathematics indicator, Spreckels is in the Blue Performance Level at 20.5 points above standard, which is an increase of 22.2 points from 2018. We have no students in the Red Performance Level. In support of district-wide initiatives, we are also including AMOs for English Learners and Black or African American students. Our Students with Disabilities group is in the Yellow Performance Level at 72.5 points below standard. This is an increase from 2018 of 24.5 points. Our English Learners group is 26.2 points below standard. This is an increase from 2018 of 24.5 points too small for state-level reported data. We will be setting an AMO for this group using a site-based metric.

#### **\*Online Learning Implications**

We are offering virtual assessments in all classrooms for mathematics. Teachers are teaching virtual lessons utilizing district- provided curriculum and are arranging for small groups as needed.

By Date	Grade	Student Group	Objective	Baseline Percentage	Target Percentage	Measure of Success	Frequency
June 2021	3-5	English Learner	meet or exceed	19%	28%	CAASPP Math	annually

## **Goal 4- Supporting English Learners**

#### **Call to Action Belief Statement**

We believe in the power of multilingualism because languages are connections to culture, history, people and knowledge. Our English Learners deserve educational opportunities which honor their rich lived experiences and unique identities as valued members of society. Schools and classrooms should foster language acquisition and literacy development as a means for students to leverage their identity, exercise their voice and transform their world today to influence the future of tomorrow.

**District LCAP Goals** 

- 1. Closing the Achievement Gap with High Expectations for All
- 2. Access to Broad and Challenging Curriculum
- 3. Quality Leadership, Teaching and Learning
- 4. Positive School Environment, Climate and Culture with Equity at the Core and Support for the Whole Child

# Annual Review of This Goal: SPSA Reviewed 2019-20

#### \*Analysis

As of the June 2019 ELPAC, 97.7% of our eligible English Learners had been reclassified. Additionally, In June 2019, 16% of our English Learners met or exceeded standards on ELA CAASPP and 19% of our English Learners met or exceeded standards on Mathematics CAASPP. During this same year, we reclassified 43 students. Only two eligible students did not reclassify due to parent requests. This high classification rate was due to targeted monitoring and support by our newly created EL assistant position. This staff member identified all students eligible for reclassification but not yet at a sufficient academic level and provided coaching and support to those students. Close analysis of our 2019 ELPAC annual data indicates that the majority of our English learners are making progress in Speaking, Listening, and Writing, but are continuing to struggle in Reading. Further analysis of RtI and Special Education data indicates that our English Learner population is the most highly referred subgroup for special education assessments.

Furthermore, through tracking the special education qualification process, the overwhelming qualification processing area for our English Learners when assessed for Special Education is phonological processing. Analysis indicates we need to be more effective in providing reading support and intervention to our struggling English Learners.

Our goals for 2019-2020 were around improved performance on the CAASPP ELA for English Learners as well as ensuring we are reclassifying all eligible students. While we were able to reclassify all of our eligible students last year, due to the pandemic, sites were closed in mid-March and no state testing happened. These CAASPP goals will be moved forward. We will also be setting goals this year around a site-based metric so that we can more regularly monitor student achievement.

#### \*Major Differences

The continuation of the EL assistant position for eight hours/week proved to be an effective measure in supporting our reclassification rate for students. However, the limited time in the position did not yield as much student support as needed in terms of small group and one-on-one goal setting with students. For the 2019-20 school year, our EL Assistant focused on one-on-one conferences with our 4th and 5th grade students at risk of being Long-Term English Learners. Due to the closure of school in March 2020, Summative ELPAC was not administered to completion.

#### \*Changes

We are moving forward with supporting our English Learners through strengthening Tier 1 instruction, monitoring, providing language instruction and supports, and designated ELD. We will maintain our EL assistant but will be refining our practice around integrated and designated ELD in hopes of closing the achievement gap between our students learning English and our native and reclassified speakers. We will continue to promote a high reclassification rate for our learners.

#### \*Integrated English Language Development

Use our school-wide focus on collaboration to specifically design instruction to meet the need of diverse learners, specifically English Learners through smartly designed collaborative room environment, creating of strategic partnerships, and lesson design with collaboration in mind.
 Use PLC time to identify English Learners by name and need and plan for language support embedded in core lessons.

#### \*Designated English Language Development

Grade levels determine the language learning needs within the classrooms and deliver a Designated ELD program provided by SDUSD.

*Goal 4 - Eng	lish Learners						
By Date	Grade	Student Group	Objective	Baseline	Target	Measure of	Frequency
				Percentage	Percentage	Success	
June 2021	3-5	English Learner	meet or exceed	16%	25%	CAASPP ELA	Annually
			standards				
June 2021	3-5	English Learner	meet or exceed	19%	25%	CAASPP Math	Annually
			standards				

#### \*Identified Need

Our focus is to close the achievement gap between our students learning English and our native and reclassified English Speakers. In order to do so, we are working on targeted supports for our students to learn English and experience academic success. We are looking at the CAASPP data to ensure our English Learners are making progress relative to state standards.

On the 2019 CA Dashboard, our English Learners are in the Yellow Performance Level for ELA at 47.3 points below standard, which is an increase of 16.1 points from 2018. The ELA Data Comparisons show that our Current English Learners are 106.7 points below standard (increased 3.7 points), our Reclassified English Learners are 31.2 points above standard (increased 6.5 points) and our English Only students are 35.7 points above standard

(increased 10.8 points). They are also in the Yellow Performance Level for math at 26.2 points below standard (increased 28.1 points from 2018). The Math Data Comparisons show that our Current ELs are 65.7 points below standard (increased 18.9 points), our Reclassified English Learners are 27.1 points above standard (increased 24.4 points) and our English Only students are at 37.1 points above standard (increased 15.1 points).

The English Learner Progress Indicator provided by the 2019 CA Dashboard show that 47% of our EL students are making progress towards English language proficiency, which is considered a Medium Performance Level.

#### **\*Online Learning Implications**

Designated and Integrated ELD continue to be a part of daily schedules regardless of instruction occurring online or in person. In fact, online instruction has simplified our teachers' abilities to pull small groups based on need and language level. Additionally the use of Benchmark ELD (district-provided curriculum) is supportive of online teaching since it has a companion online component.

## **Literacy Support Intervention**

#### \*Students to be served by this Strategy/Activity

At Risk English Learners struggling in area of Reading (as determined by ELPAC and teacher assessments)

#### \*Strategy/Activity - Description

Since ELPAC data indicated reading as an area of need for many of our English Learners, Lexia Core 5, a Comptuer Adaptive Online Reading Program will be used to support reading development (online or in brick and mortar) and support an acceleration of reading progress for our struggling English Learners.

#### \*Additional Supports for this Strategy/Activity

PTA Funded Lexia Core 5 Reading Program

### **Professional Development**

### \*Students to be served by this Strategy/Activity

English Learners/unduplicated students

#### \*Strategy/Activity - Description

The scope and sequence of professional learning opportunities will be focused on strengthening our core instruction with a focus on strategic partnerships and collaboration to increase language opportunities for our students learning English as well as increase active participation in learning. This plan is developed and monitored by our Instructional Leadership Team.

#### \*Proposed Expenditures for this Strategy/Activity

#### \*Additional Supports for this Strategy/Activity

PTA funding of VAPA PLCs for grade levels to apply learning from Professional Development in team planning and inquiry

## **Goal 5 - Supporting Students with Disabilities**

#### **Call to Action Belief Statement**

Ownership: Principals, teachers, and support staff take ownership of all their students, including students with disabilities. Access: Students with disabilities are general education students first and should have access to a meaningful course of study. Instruction: All teachers will design instruction and create learning environments that meet students' individualized learning needs.

#### **District LCAP Goals**

- 1. Closing the Achievement Gap with High Expectations for All
- 2. Access to Broad and Challenging Curriculum
- 3. Quality Leadership, Teaching and Learning
- 4. Positive School Environment, Climate and Culture with Equity at the Core and Support for the Whole Child

## **Annual Review of This Goal: SPSA Reviewed 2019-20**

#### \*Analysis

Spreckels Elementary was able to implement all strategies listed in the 2019-20 plan until school closure in March 2020. Having additional time for teachers to work together in PLCs was essential in the success of the intervention supports that we put in place site wide. Provided this time to work together in their teams, teachers were able to have time to collected and review student data and construct appropriate interventions. The paraeducator training conducted at the school site was instrumental in the increased support for our Students with Disabilities.

Our goals for 2019-2020 were around improved performance on the CAASPP ELA and Math for our Students with Disabilities group. We also get goals around IEP progress. Due to the pandemic, sites were closed in mid-March and no state testing happened. These goals will be moved forward. We will also be continuing our site-based metric around IEP goals so that we can more regularly monitor student achievement.

#### \*Major Differences

Upon the closure of schools in March 2020, several of our strategies were modified or put on hold. As a result, we did not have a full year of implementation of our proposed strategies.

#### \*Changes

We saw positive results from this goal and intend to maintain all strategies from our 2019-20 goal. We are going to develop a system of tracking student progress on their IEP goals more consistently so that this data point can serve as a talking point during collaborations between classroom teachers and paraeducators.

Baseline Pe           ceed         N/A	ercentage Target Percentage 80%	Measure of Success Progress Reports on IEP Goals	1 V
ceed N/A	80%	0 1	tri-annually
		IED Coole	-
1		IEP Goals	
on 18%	25%	Other (Describe in	annually
		Objective)	
on 24%	34%	Other (Describe in	annually
		Objective)	
			Objective)on24%34%Other (Describe in

#### \*Identified Need

This goal addresses the needs of our students with disabilities to make adequate if not accelerated progress toward their IEP goals.

The 2019 CA Dashboard indicates that Students with Disabilities are in the Orange Performance Level for ELA at 83.6 points below the standard, which is an increase of 8.7 points from 2018. For math, this student group is also in the Yellow Performance Level at 72.5 points below the standard, which is an increase from 24.5 points from 2018.

#### **\*Online Learning Implications**

During online learning, we have employed several strategies to best support our Students with Disabilities:

- Realigned paraeducator schedules to optimize student support and provide extra help with assignments from the general education class

- Created grade-level aligned schedules to optimize support
- Aligned case managers to grade levels to allow for co-teaching
- Strategically clustered students with disabilities in teachable groups in various classrooms

*Annual Meas	surable Outcom	es

## Paraeducator Support Training

#### \*Students to be served by this Strategy/Activity

Students with Disabilities

#### \*Strategy/Activity - Description

Paraeducators play a vital role in the success of our students with disabilities in a variety of settings. Often a primary support, we will focus on building the skills and expertise of our paraeducators to enhance the supports and experiences of our students with disabilities.

We have seen that our unduplicated students who also have IEPs have additional education needs that we want to support with targeted strategies. We are going to use some of our visiting teacher funds for release time for Special Education Staff to observe students who are dually classified in their general education environment for the following purposes:

- provide in-the-moment feedback to paraeducators
- to ensure our students with disabilities have a pathway to independence in general education classrooms
- to ensure adequate supports are in place

Additionally we will provide paraeducator training in the form of ongoing monthly meetings. This creates a feedback look of paraeducator needs and providing timely support to them and in turn our students

#### \*Additional Supports for this Strategy/Activity

Support from District Resource Teachers and Special Education Administrators

## Weekly Special Education Team Meetings

\*Students to be served by this Strategy/Activity

Students with Disabilities

#### \*Strategy/Activity - Description

Weekly Special Education Team Meetings to discuss student progress, student needs, upcoming IEPs, upcoming assessments. This will also be a time for us to discuss service delivery models in service of our student learning needs. Possibility of additional release time for team retreat to look at data and service delivery.

#### \*Additional Supports for this Strategy/Activity

Support of District Special Education Resource Teacher

## **Integrated PLCs**

\*Students to be served by this Strategy/Activity

Students with Disabilities

\*Strategy/Activity - Description

In thinking of the additional needs of our Unduplicated students who also have IEPs, we will ensure the integration of Special Education teachers into PLCs and grade level team meetings for the planning of Tier 1 instruction for this targeted group of learners. This way the teachers across the site can all work together through their professional development opportunities to develop classroom and intervention supports to help these historically underperforming students.

\*Additional Supports for this Strategy/Activity

PTA Funded VAPA PLCs

## **Goal 6 - Supporting Black Youth**

#### **Call to Action Belief Statement**

Developing antiracist and restorative school communities.

#### **District LCAP Goals**

- 1. Closing the Achievement Gap with High Expectations for All
- 2. Access to Broad and Challenging Curriculum
- 3. Quality Leadership, Teaching and Learning

4. Positive School Environment, Climate and Culture – with Equity at the Core and Support for the Whole Child

*Goal 6- Support	ting Black Youth						
By Date	Grade	Group	Objective	Baseline	Target	Measure of	Frequency
				Percentage	Percentage	Success	
June 2021	TK-5	Black or African	meet or exceed	baseline	+10%	Grades	Annually
		American	grade level				
			expectation				

#### \*Goal 6 Supporting Black Youth - Additional Goals

✓ 1. Beginning in the Fall of 2020, Spreckels Elementary site selection/hiring panel will complete anti-bias training before conducting any interviews.

- ✓ 2. In 2020-21 school year, Spreckels Elementary will develop and implement a site-specific system for tracking classroom referrals.
- ✓ 3. Spreckels Elementary will create a process for ensuring a student is assigned a Student Champion (staff member) to help them through any suspension or expulsion process.
- ✓ 4. Spreckels Elementary will develop a Site Equity Team that meets quarterly throughout the school year to monitor attendance and grades with a focus on Black Youth as well as staff diversity goal.
- ✓ 5. In the 2020-21 school year, Spreckels Elementary will develop and implement a site-specific system for tracking school police detainments.
- ✓ 6. The staff diversity goal at Spreckels Elementary is to maintain or increase the percentage of diverse educators from current year to the follow

#### \*Identified Need

The Black and African American student group at our site has historically been a very small group. We understand the importance of purposefully collecting data on these students as a means of determining how best the site is helping them feel safe and cared for as well as preparing them academically. The 2020-2021 school year will serve as our baseline as we put in processes to determine which of our students identity as Black or African American (or Two or More Races) and look at their data historically and for this year which will, in turn, be supported by the work that our whole staff is doing around equity, social justice, and culturally responsive teaching.

#### \*Online Learning Implications

Creating a wraparound of student services through building a strong healthy foundation for learning, trusting relationships, identifying trauma, and ensuring student needs are met in and out of the classroom, especially for those of high risk.

### **Book Studies**

#### \*Students to be served by this Strategy/Activity

Black Youth

#### \*Strategy/Activity - Description

Engage in various book studies throughout the school year with staff on topics of Equity, Social Justice, and Culturally Responsive Teaching.

## **Goal 7 - Family Engagement**

#### **Call to Action Belief Statement**

Partnering With Parents in the Education of Their Children: We believe families contribute to improving student learning outcomes when engagement is integrated into district/school goals and initiatives as well as trusting relationships grounded in home-school activities.

#### **District LCAP Goals**

5. Family and community engagement with highly regarded neighborhood schools that serve students, families and communities

# Annual Review of This Goal: SPSA Reviewed 2019-20

#### \*Analysis

For our 2019-20 SPSA Goal in parent involvement, we sought to increase the number of parents who strongly agree that the school actively seeks their feedback before making important decisions based on data from the California Healthy Kids Survey. We implemented all strategies listed: regular parent meetings, parent newsletter, the formation of SGT, and ELAC, as well as bus stop meetings for parents who leave a far distance from the school site. Unfortunately, the CAL-SCHLS did not take place in the spring of 2020 so we will be moving this goal forward.

#### \*Major Differences

While we implemented all strategies proposed in the 2019-20 SPSA, our parent involvement and decision-making meetings decreased when schools closed in March 2020. Additionally, due to the closure, the California Healthy Kids Survey was not administered during the 2019-20 school year. While general ELAC meetings did have parent attendance, we did not meet our 35% goal and had difficulty forming a true ELAC committee.

#### \*Changes

Moving into the 2020-21 school year, we plan to stay the course by providing more and varied opportunities for parent engagement and input. We are also planning for administration of the California Healthy Kids Survey this year.

*Goal 7- Fai	nily Engagement				
By Date	Participants	Objective	Baseline Percentage	Target Percentage	Measure of Success
June 2021		increase the amount of parents who strongly agree that the school actively seeks their feedback before making important decisions	29%	60%	CAL - SCHLS (CSPS)

#### \*Identified Need

We appreciate the number of our families who participate in our school events as it promotes a sense of culture across our campus. We also understand that we need to increase the amount of meaningful engagement on the part of our families. Most highly attended events are fun school performances, exhibitions, or events. We also want parents to participate in school-wide meetings, trainings, and committees where they can become informed participants in our school's learning journey. Our goal reflects our charge around this and our motivation to be more inclusive of diverse parents within these groups.

#### \*Online Learning Implications

While instruction is online, all meetings are held virtually as well. Utilizing clear and consistent communication as well as district translation, we strive to make virtual meetings accessible to all families within the school. If a meeting is informational in nature, it will be recorded for viewing later. Additionally meetings will be arranged around stakeholder schedules to the best of our ability.

Additionally, online parent feedback surveys will be conducted to gain feedback from families to help us refine our program.

By Date	Partic	ripants	Objective	Baseline Percentage	Target Percentage	Measure of Success
June 2021	I ELAC		increase parent participation in ELA meetings	AC 20%	35%	Attendance

## SSC SGT

#### \*Families to be served by this Strategy/Activity

All families in Spreckels Elementary

#### \*Strategy/Activity - Description

Maintain a high-functioning School Site Council and School Governance Team so that stakeholders can make informed decisions about many aspects of our school.

## Parent Family Communication

\*Families to be served by this Strategy/Activity

All Families within the Spreckels Community

#### \*Strategy/Activity - Description

Provide high-quality communication to parents through multiple measures to ensure accurate knowledge about school efforts and programs:

- Monthly newsletter highlighting school focus, important updates, our Social/Emotional work, academic work

- Weekly emails regarding school events and reminders

- Regular parent meetings highlighting school data, school wide focus, and classroom practices (virtually during site closures and then on campus when able)

- Regular school and community tours to onboard new families to understand our school focus and work around equity (virtually during site closures and then on campus once we return to sites)

#### \*Additional Supports for this Strategy/Activity

Close partnership with our PTA to align communication to our parent groups

## **Specialized Parent Meetings**

\*Families to be served by this Strategy/Activity

Parents of students who are transported to school via bus.

#### \*Strategy/Activity - Description

Principal to partner with parent leaders from the student population who is transported by bus in order to:

- Better understand how to connect with the community that lives far from Spreckels

- Find ways to engage ALL parents (not just those proximate to the school)
- Understand the diverse needs of Spreckels families
- Develop a plan of support

## **Goal 8- Graduation/Promotion Rate**

#### **Call to Action Belief Statement**

All San Diego students will graduate with the skills, motivation, curiosity and resilience to succeed in their choice of college and career in order to lead and participate in the society of tomorrow.

#### **District LCAP Goals**

- 1. Closing the Achievement Gap with High Expectations for All
- 2. Access to Broad and Challenging Curriculum
- 3. Quality Leadership, Teaching and Learning
- 4. Positive School Environment, Climate and Culture with Equity at the Core and Support for the Whole Child

## Annual Review of This Goal: SPSA Reviewed 2019-20

#### \*Analysis

Our goals for 2019-2020 were around improved performance on the DRA for 3rd and 5th graders. Due to the pandemic, sites were closed in mid-March and while we do have end of the year reading levels, we are not feeling comfortable using these assessments, administered during a crisis teaching, to set new goals on. The goals based on the end of year DRAs will be moved forward.

Through our 2018-19 Professional Development plan, we supported both 3rd and 5th grade in reading and writing development. Both grades experienced growth in these areas over time: 2018- 56% of the 3rd graders were at or above grade level, In 2019 60% as measured by ELA CAASPP. For 5th grade in 2018, 53% of our students were at or above grade level and in 2019, we reached 60%. We have seen similar gains in mathematics use Math CAASPP as a measure: 3rd grade 2018- 61%, 2019-64%, 5th grade- 2018-46% to 2019- 57%.

#### \*Major Differences

We were able to conduct an afterschool Math Academy for 5th graders for most of the 2018-19 school year. This was not part of our initial plan but proved to be of great benefit to the students who attended. We also hosted a math coaching cycle in two third grade classrooms.

#### \*Changes

We will continue our work around intervention, Tier 1 instruction, and goal setting to produce outcomes that are more equitable for our students.

By Date	Grade	Objective	<b>Baseline Percentage</b>	Target Percentage	<b>Measure of Success</b>	Frequency
June 2021	3	meet or exceed standard	60%	70%	CAASPP ELA	annually
June 2021	5	meet or exceed standard	60%	70%	CAASPP ELA	annually
June 2021	3	be at or above grade level on DRA-2	60%	70%	Other (Describe in	annually
		Assessment (level P/Q or higher)			Objective)	_
June 2021	5	be at or above grade level on Lexile	60%	70%	Other (Describe in	annually
		level			Objective)	

#### \*Identified Need

This goal was formed based on several data points. The first data point was looking at the history of ELA CAASPP scores and their trajectory over time in conjunction with the implementation of our new curriculum. In 2017, our 3rd grade ELA scores were 48%, in 2018, 56%, and in 2019, 60%. In 2017 our 5th grade ELA scores were 71%, in 2018, 53% and in 2019, 60%. When we consider this alongside teacher-reported reading data in primary grades, we can anticipate that we will see increased growth as we continue our work.

On the 2019 CA Dashboard for the English Language Arts indicator, Spreckels is in the Blue Performance Level at 15 points above standard, which is an increase of 16.2 points from 2018. We have no students in the Red Performance Level. We understand that reading data in both 3rd and 5th grade are indicators for future academic success for our students. Efforts to increase our performance in ELA in these two areas will help our students stay on a positive trajectory.

*Annual Measurable Outcomes (Closing the Equity Gap)										
By Date	Grade	Student Group	Objective	Baseline Percentage	Target Percentage	Measure of Success	Frequency			
June 2021	3	English Learner	meet or exceed standards	10%	20%	CAASPP ELA	annually			
June 2021	5	English Learner	meet or exceed standards	6%	20%	CAASPP ELA	annually

PTA-funded VAPA PLCs

## **5th Grade Targeted Counseling Supports**

\*Students to be served by this Strategy/Activity

Unduplicated students in the 5th grade

#### \*Strategy/Activity - Description

The counselor will serve as a classroom and intervention support for this targeted group of unduplicated students. We will utilize counseling services to support social/emotional well-being and academic achievement through:

- College and Career lessons in classrooms as well as college field trip to motivate and support 5th graders
- 5th grade girls group to support emotional well-being and engagement in school
- Other as-needed groups as needs arise

*Proposed Expenditures for this Strategy/Activity

## **RtI/Targeted Supports**

#### \*Students to be served by this Strategy/Activity

Unduplicated students/3rd and 5th grade students below grade level in reading

#### \*Strategy/Activity - Description

For this targeted intervention instruction for the primary benefit of this specific group of unduplicated students, we will refine our RtI process to support struggling learners in the following ways:

- Early identification and tracking of struggling readers through RtI Process
- Creative and collaborative problem-solving process to determine strengths-based interventions
- Goal-setting with progress monitoring
- Clear connection and partnerships with families

We believe that all students will benefit from these strategies.

## **School Leadership Actions**

#### Leadership Practice

The administrator leads with a clear rationale, vision, high expectations for achievement, and immediacy for change. The administrator collaborates with and motivates staff through providing support, sharing leadership, paying attention to the work and magnifying new learning. The administrator monitors belief systems and teaches the importance of embracing diversity and respecting all cultures. The staff knows why change is important, and collectively acts to propel it through seeking out new learning.

#### Leading, Implementing, Monitoring, and Actualizing a Coherent Plan

After the analysis of our data, the below actions will be taken to support staff and students in moving toward equitable outcomes for all learners. We will continually seek alignment between each practice and our focus for the school year:

#### Vision/Focus

- Develop a school wide focus based on data so our work as educators across disciplines is aligned
- Develop cycles of learning from school focus to determine concrete instructional practices to teach and support in classrooms across the year (designing a space for community and collaboration, teaching into strategic partnerships, and designing lessons with collaboration in mind)
- Effectively communicate our focus to multiple stakeholders so we can align the depth of our work around equity and inclusivity.
- Effectively communicate our focus to multiple stakeholders so we can align the depth of our work around equity and inclusiv
- Enroll community members in our vision and focus to provide more support in classrooms through volunteers

### Instructional Leadership Team

- Conduct 3-4 ILT Retreats to look at school wide data and determine next steps
- Coach leadership skills of ILT members to lead their teams toward more equitable outcomes for students
- Guide ILT through a goal-setting process that will then happen with each grade level and each classroom
- Team includes a representative from each grade level, Special Education Team, and our counselor to promote alignment across our system

## **Professional Learning Communities**

- 8 half-day PLCs throughout the year to focus on student achievement data and aligning instructional practices to that data
- work on building strong collaborative structures among adults to promote collective sense of efficacy (class & grade level goal setting)
- Leadership presence in PLCs to coach leadership and support facilitation

## **Professional Learning**

- Provide professional learning that is guided by our school focus and key instructional practices for the year
- Engage teachers in learning that mirrors our work in the classroom (collaborative tasks, strategic partnerships)
- Promote staff leadership in leading professional learning opportunities

- Provide professional learning and growth opportunities for classified staff

## Classroom Observation and Feedback

- Spend time regularly in classrooms to provide coaching and feedback aligned to our instructional practices
- Align calendar to allow for ample time in classrooms weekly
- Maximize capacity of office staff to maintain most operations of the school to allow for time in classrooms

## Intervention- Academic, Attendance

- Continue to refine our RtI practices to ensure we are supporting the needs of our most fragile learners
- Implement Lexia Learning as a Tier 2 Intervention Program
- Creation of attendance monitoring and support system

## School wide Social/Emotional Initiatives

- Partner with No Place for Hate to conduct school wide activities to promote inclusivity and acceptance among staff and students
- Community Circle initiative- training student leaders to conduct community circles in each classroom aligned to each cycle of learning and building a school wide community
- Promotion and support of student-created and student-led clubs
- Explore our discipline practices and behavioral supports to refine our school policy to be inclusive and supportive of students.
- SWIFT grant

## Leadership Disposition and Presence

- Lead our system by seeking and leading for alignment between various programs and initiatives and our focus for the year
- Coach into the leadership of others in our system so that WE collectively enact change
- Examine my own biases so I can lead from an genuine place in service of promoting equity for students and staff
- Commitment to hard and honest conversations to interrupt practices that are not supportive of children
- Enroll and engage stakeholders in new ways to facilitate leadership and input into decision-making
- Lead for equity by raising our community's awareness of our equity challenge and our commitment to change outcome (i.e. newsletters, parent talks,

professional development, school tours, PLCs, ILT, classroom community circles, etc)

- Create and utilize feedback loop to gain insight into the impact of my leadership so I can readjust as necessary

## Stakeholder & Community Involvement

- Institute and strengthen community partnerships to ensure we can support the varied needs of fragile learners in terms of basic needs: food, school supplies, counseling services

- Enroll families and community in our work, vision, and equity mindset

- Find more meaningful ways to engage stakeholders in decision-making processes about Spreckels

### Adult Leadership Development

- Invest time and resources in developing the leadership capacity of others so that that change is facilitated through us all
- Leverage part-time Vice Principal for Instructional Leadership and support (influencing areas above)

### **Online Learning**

- Our site has created a tiered system of support for online school attendance and engagement to ensure students are maximizing time with online learning

- Regular parent communication in multiple languages to support all family and student needs (access to food, internet, school updates)
- Regular monitoring and support for computer, instructional material distribution. (Designated times, appointment-based support, home drop off)
- Common grade level schedules and curriculum ensure consistent experiences for students across the site
- Teacher teaming and sharing work for special subjects
- Ongoing staff support on creating a welcoming virtual environment for students
- School-wide planning for community building events to enhance student connection (Spreckels Spectacular Grade Level Hangouts, Bedtime stories, Wildcat Wednesday Videos)
- Supporting staff with physical and mental wellbeing (fitness challenge, regular staff check-ins, 1:1 meetings)
- Regular and ongoing communication with stakeholders (monthly newsletter, weekly email, parent meetings, videos, virtual school tours)

## APPENDICES

This section contains the following appendices that will assist the School Site Council in completing the School Plan for Student Achievement (SPSA) and in maintaining a cycle of continuous improvement:

Spreckels Elementary SCHOOL PLAN FOR STUDENT ACHIEVEMENT

Spreckels Elementary SCHOOL PLAN FOR STUDENT ACHIEVEMENT

# San Diego Unified

## **APPENDIX B**

# **PARENT & FAMILY ENGAGEMENT POLICY**

### San Diego Unified School District Finance Division Financial Planning, Monitoring and Accountability Department

### Spreckels Elementary School PARENT AND FAMILY ENGAGEMENT POLICY 2020-21

Spreckels Elementary School has developed a written parent and family engagement policy with input from parents & family engagement policy with input from all parents.

It has distributed the policy to all parents and guardians in the folders sent home with students on the first day of school.

This policy describes the means for carrying out parent and family engagement requirements pursuant to ESSA Section 1116(c).

Each school served under this part shall jointly develop with, and distribute to, parents and family members of participating children a written parent and family engagement policy, agreed on by such parents, that shall describe the means for carrying out the requirements of subsections (c) through (f). How are parents notified of the policy in an understandable and uniform format and, to the extent practicable, provided in a language the parents can understand? How is the policy made available to the local community? How and when is the policy updated periodically to meet the changing needs of parents and the school (ESSA Section 1116[b][1])?

This policy is updated yearly, voted on and revised by SSC, and available to each child at the beginning of the year. Additional copies available upon request at our front office. This is sent to home parents in both English and Spanish.

To involve parents the following practices have been established:

- Ongoing parent meetings.
- Encouragement of partnerships and volunteer opportunities.
- Ongoing communication with families in English and Spanish.

The school convenes an annual meeting to inform parents about the right of parents to be involved in the school program. Add details about the annual meetings in the box below:

• We hold other parent meetings to inform parents of what is happening at school

The school offers a flexible number of meetings for parents, such as meetings in the morning or evening. Add details about the meetings in the box below:

• We hold other parent meetings to inform parents of what is happening at school

The school involves parents of students in an organized, ongoing, and timely way, in the planning, review, and improvement of the school's programs and the parental involvement policy. How does the school involve parents?

• Through parent meetings, ongoing communication (written and in person) we accomplish this goal.

The school provides parents of students with timely information about the school's programs. How does the school provide the information?

- Information is shared in a monthly newsletter about our academic and character building program.
- Information regarding our programs is shared in parent meetings and SSC meetings.

The school provides parents with an explanation of the curriculum used at the school, the assessments used to measure student progress, and the proficiency levels students are expected to meet. How does the school provide the information?

- Information on curriculum and programs is provided at parent meetings and in our regular newsletter.
- Data and progress is shared at parent and SSC meetings.

If requested by parents, the school provides opportunities for parents to participate in decisions relating to the education of their children. How does the school provide the opportunities?

• We hold regular RtI (Response to Intervention) meetings with parents to discuss the progress and needed intervention for struggling learners. These meetings can be requested by parents or initiated by the school. They involve the school counselor, classroom teacher, Principal, and other experts on site.

The school engages parents in meaningful interactions with the school. The Compact supports a partnership among staff, parents, and the community to improve student academic achievement. To help reach these goals, the school has established the following practices:

The school provides parents with assistance in understanding the state's academic content standards, assessments, and how to monitor and improve the achievement of their children.

- Parent-Teacher-Student Conferences are held twice a year (and more if needed) to discuss student progress toward grade level standards.
- RtI Meetings, stated above, provide additional opportunities for parent meetings if students are not meeting grade level standards.
- Parents are provide with resources to see additional tutoring and support if requested.

The school provides parents with materials and training to help them work with their children to improve their children's achievement.

• We hold a TK/K parent night to teach parents about the process of reading and supporting their child at home (Spanish translation is provided).

- We send books and materials home based on student need to support parents in working with their child at home.
- We provide access to online learning programs and opportunities at home

The school educates staff members in the value of parent contributions, and in how to work with parents as equal partners.

- Training is provided to staff around effective parent-teacher-student conferences.
- There is a schoolwide expectation that teachers are in regular and ongoing communication with parents.

The school coordinates and integrates parental involvement program with other programs, and conducts other activities, such as parent resource centers, to encourage and support parents in more fully participating in the education of their children.

We work to engage ALL parents in supporting our school and our children. We partner with outside agencies to provide necessary services to families as needed. We work in conjunction with our PTA to create varied opportunities for parents to engage with our school, classrooms, and community based on availability and interest.

The school distributes Information related to school and parent programs, meetings, and other activities to parents in a format and language that the parents understand.

• Information is distributed in both English and Spanish.

The school provides support for parental involvement activities requested by parents.

We happily respond to any request for parent involvement and support.

The school provides opportunities for the participation of all parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. Information and school reports are provided in a format and language that parents understand..

- Translation is provided for all meetings in the family's home language as available
- Accommodations are provided for all parents with disabilities

This policy was adopted by Spreckels Elementary School on 9/25/2020and will be in effect for the period of 2020-2021.

The school will distribute the policy to all parents of students on, or before: 10/9/2020.

Michel Cazary

Spreckels Elementary SCHOOL PLAN FOR STUDENT ACHIEVEMENT

## **APPENDIX C**

## SCHOOL PARENT COMPACT

### San Diego Unified School District Finance Division **Financial Planning, Monitoring and Accountability Department**

### SPRECKELS ELEMENTARY SCHOOL SCHOOL PARENT COMPACT

This School Parent Compact is in effect year 2020 - 2021.

*Spreckels Elementary School* distributes to parents and family members a school - parent compact (Compact). This Compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and students will share the responsibility for improved student academ ic achievement. This Compact describes specific ways the school and families will partner to help children achieve the state's high academic standards. This Compact addresses the following legally required items, as well as other items suggested by parents and family members of students:

### REQUIRED SCHOOL PARENT COMPACT PROVISIONS

Provide high - quality curriculum and instruction in a supportive and effective learning environment that enables participating children to meet California's student academic achievement standards.

Hold parent - teacher conferences (at least annually in elemen tary schools) during which this compact will be discussed as it relates to the individual child's achievement.

Provide parents with frequent reports on their child's progress.

Provide parents reasonable access to staff.

Provide reasonable access to staff, opportunities for parents and family members to volunteer and participate in their child's class, and to observe classroom activities.

How does the school address this?

- We hold both formal and informal parent meetings throughout the year. Topics include: our instructional program, progress data, budget, and school operations.
- Parent-Teacher-Student Conferences are held two times a year with other individualized parent meetings as needed.
- We communicate weekly and monthly with families via email to share calendar information, instructional information, and the big picture work of our school.
- We encourage volunteering on our campus and welcome parents in the classroom pending a valid volunteer application.
- Each teacher has a communication plan with families to inform them how to be in regular communication.

The school engages parents and family members to improve the achievement of their children in meaningful interactions with the school. This Compact supports a partnership among staff, parents and family members, and the community to improve student academic achievement. To help reach these goals, the school has established the following practices:

The school provides parents and family members with assistance in understanding the state's academic content standards, assessments, and how to monitor and improve the achievement of their children in which ways?

- Parent-Teacher-Student Conferences are held twice a year (and more if needed) to discuss student progress toward grade level standards.
- RtI Meetings, stated above, provide additional opportunities for parents meetings if students are not meeting grade level standards.
- Parents are provided with resources to see additional tutoring and support if requested.

The school provides parents and family members with materials and training to help them improve the achievement of their children in which ways?

- We hold a TK/ K parent night to teach parents about the process of reading and supporting their child at home (Spanish translation is provided).
- We send books and materials home based on student need to support parents in working with their child at home.
- We provide access to online learning programs and opportunities at home.

With the assistance of parents and family members, the school educates staff members in the value of parent and family member contributions, and how to work with parents and family members as equal partners in which ways?

- Training is provided to staff around effective parent-teacher-student conferences.
- There is a schoolwide expectations that teachers are in regular and ongoing communication with parents.

The school coordinates and integrates parental involvement program with other programs, and conducts other activities, such as resource centers, to encourage and support parents and family members in more fully participating in the education of their children in which ways?

We work to engage ALL parents in supporting our school and our children. We partner with outside agencies to provide necessary services to families as needed. We work in conjunction with our PTA to create varied opportunities for parents to engage with our school, classrooms, and community based on availability and interest.

The school distributes information related to school and parent programs, meetings, and other activities to parents and family members in a format and language that the parents and family members can understand in which ways?

Information is distributed in both English and Spanish

The school provides support for parent and family member involvement activities requested by parents and family members in which ways?

#### We happily respond to any request for parent involvement and support.

The school provides opportunities for the participation of all parents and family members, including those with limited English proficiency, disabilities, and migratory students; and that the information and school reports are provided in a format and language that parents and family members can understand in which ways?

- Translation is provided for all meetings in the family's home language
- Accommodations are provided for all parents with disabilities.

This Compact was adopted by the Spreckels Elementary on September 25, 2020 and will be in effect for the period of the school year 2020-2021.

The school will distribute the Compact to all parents and family members of students participating on, or before: 10/9/2020.

Michel Cazary- Principal

- CSPS 2018-2019

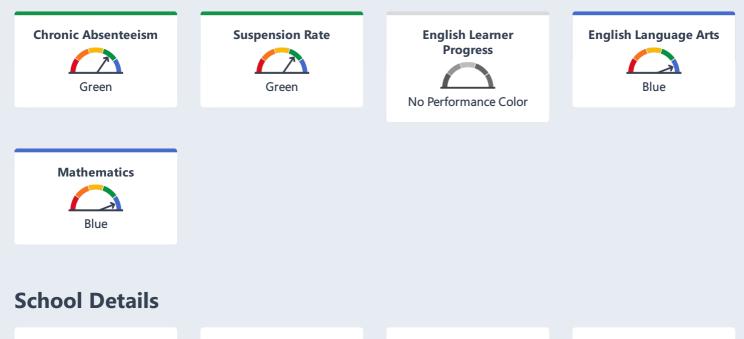

Reclassification data results can be requested from the school site.

Additional data for schools can be retrieved from the California Dashboard for 2017-2019.

\* Enrollment, participation date, ethnicity demographics, and language demographics will affect the results of data. Data is organized and reported differently amongst the data sources above.

# **Spreckels Elementary**

Explore the performance of Spreckels Elementary under California's Accountability System.

NAME Spreckels Elementary ADDRESS 6033 Stadium Street San Diego, CA 92122-3399 WEBSITE http://www.sandi.net/sp... GRADES SERVED K-5

### **Distance From Standard (English Language Arts)**

Distance from Standard measures how far, on average, students are from the lowest possible score for Standard Met. The Smarter Balanced Consortium has identified Standard Met as demonstrating the knowledge and skills necessary for students to be on track for college and career readiness at their grade level.

	2017	2018	2019
All Students	7.2 points above standard	1.3 points below standard	15 points above standard

## **English Language Arts Data Comparisons: English Learners**

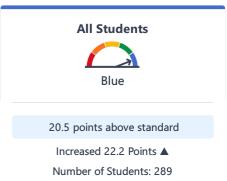

Additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

## Mathematics

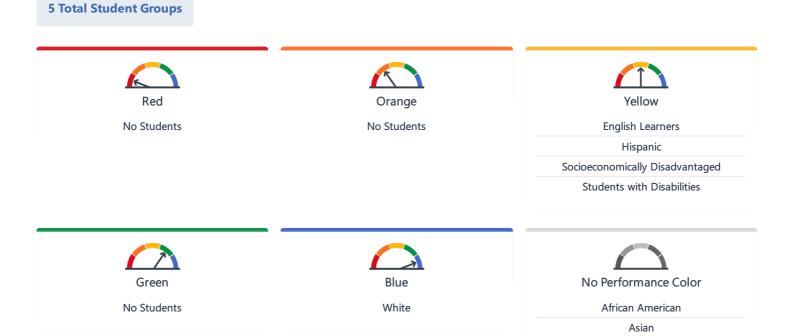

## **All Students**

Explore how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

**Spreckels Elementary** SCHOOL PLAN FOR STUDENT ACHIEVEMENT

## **APPENDIX E**

# 2019-20 SPSA Evaluation of LCFF Funded Actions and Activities

## Spreckels Elementary SPSA Evaluation of LCFF Funded Actions/Activities School Name: Spreckels Elementary SPSA Evaluation of LCFF Funded Actions/Activities: 09800 School Year: 2019-20

## Goal 1 - Safe, Collaborative and Inclusive Culture

### Strategy/Activity 1

### \*Strategy/Activity - Description

The unduplicated pupil percentage (UPP) at Spreckels is 46.4%. With that in mind, the site has decided to use LCFF money to support additional funding of our counselor who will offer classroom and intervention support for the primary benefit of these students. We are increasing the FTE of our counselor by 1.5 days/week to better serve all students at Spreckels. We believe that when students are present at school, the more our entire community benefits. This strategy will specifically support students who are frequently and/or chronically absent by first addressing our schoolwide belief, vision, and goal around attendance, and the specifically tracking and supporting our students who are chronically absent.

To improve attendance, as stated in the goal, the school community will engage in the following strategies and activities:

-Form an Attendance Committee for the purpose of monitoring and analyzing attendance data

-Schoolwide attendance incentives for the two classes with the highest attendance monthly

-Design and implement support systems for chronically absent students (tracking, parent & individual student conferences, home visits)

Create clear and consistent messaging about the importance of attendance to all stakeholders (students, staff, parents, community)

-Community Public Attendance goal tracking- Wednesday assembly, attendance bulletin board

-Newsletter blurbs and updates

Use of Bilingual Attendance Clerk and School Nurse for monthly attendance monitoring and home support and Spanish communication to families. In addition to supporting students with their academic and behavior needs, the counselor will continually seek and refine our partnerships to reduce any barriers struggling learners have (food, shelter, mental health).

### \*Proposed Expenditures for this Strategy/Activity

### <u>Analysis:</u>

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Description:

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

School Counselor - NEW POSN, SBB2512871	0.30000	\$39,493.72	09800-1210	Counselor monitors attendance and follows with students and families.	According to district data, we have maintained our attendance rate above 97% so far this year. All aspects of the strategy have been fully implemented.	Limited resources to provide home visits and frequent enough follow-up parent contacts.	Still need to strategize on how to support a small group of families that, in light of our efforts, continue to struggle with attendance.

Note/Reminders (optional):

## **Goal 2 - English Language Arts**

#### **Professional Development**

### \*Strategy/Activity - Description

The UPP at Spreckels is 46.4% and we know these students are traditionally underperforming in core content areas. With this in mind, we are using LCFF dollars to support the professional development plan at Spreckels for this school year. The strategies outlined are designed to for the primary benefit of unduplicated students but will support all learners at school. When teams are designing instruction and setting goals, we are engaged in work that supports each and every learner through classroom and intervention support. However, by refining our intervention practices, RtI process, we are taking a special lens to our students learning English to consider the specific instruction and supports they may need to succeed. All teachers will be engaging in eight rounds of PLCs focused around designing Tier 1 instruction that meets the needs of diverse learners with special attention to students not in the sphere of success. Our professional learning across the year focused on the question: *How can we cultivate independence and strengthen collaboration to empower all learners*? This focus is broken into three site-created cycles of teach that guide the scope and sequence of instructional practices that will be studied and tried on throughout the year. Classroom observations, feedback, and modeling/coaching by Principal and Vice Principal will be aligned to the current cycle of learning focused instructional practice to support integration of new learning into the classroom. By supporting stronger instruction via professional learning and observation, students will have better access to high-level and engaging instruction across content areas and more students will be engaged in learning.

We are also increasing the number of PLC days our teachers can have by partnering with the VAPA department for the Arts Education Program. They will send visiting teachers (that the site will use Title I funds to cover) and the students will receive visual and performing arts instruction while their teachers are at PLCs.

## **Goal 4- English Learners**

Strategy/Activity 2

### \*Strategy/Activity - Description

This specific sub-group that makes up our 46.4% UPP will benefit from LCFF monies devoted to supplemental instructional materials that will support their learning in their classrooms and with targeted intervention activities. During PLCs, teachers will decide collaboratively what materials will best support the implementation of designated ELD in each classroom based on group needs as well as differentiated instruction strategies and supports targeted to English Learners.

·	Supplies		\$4,710.00	09800-4301	instructional supplies to support designated ELD in each classroom,	materials needed to teach ELD.	N/A	Less money needed for supplies per district- adopted online program

Note/Reminders (optional):

### **Coaching Cycles**

### \*Strategy/Activity - Description

Our English learners make up over half our of UPP at 26.4% so we have decided as a site to dedicate LCFF monies to support the additional classroom and intervention supports that will be needed through our teacher professional development opportunity through coaching cycles. Utilizing support from the Office of Language Acquisition, we will employ the following strategies:

-ELD training and support from district resource teacher

-ELD Coaching Cycle with district Resource Teacher

-4th Grade ELA Coaching Cycle with a lens on supporting English Learners in the classroom

# **Goal 5 - Students with Disabilities**

**Professional Development** 

#### \*Strategy/Activity - Description

We have seen that our unduplicated students who also have IEPs have additional education needs that we want to support with targeted strategies. We are going to use some of our visiting teacher funds supported by LCFF for release time for Special Education Staff to observe students who are dually classified in their general education environment for the following purposes: - provide in-the-moment feedback to paraeducators - to ensure our students with disabilities have a pathway to independence in general education classrooms - to ensure adequate supports are in place

enter the Rtl process. Tighter process has led to streamlined communication and many eyes on our struggling learners.

Note/Reminders (optional): What are my leadership strategies in service of the goals?

# Spreckels Elementary SPSA Evaluation of Title I Funded Actions/Activities School Name: Spreckels Elementary SPSA Evaluation of Title I Funded Actions/Activities: 30100,30103,30106,31820 School Year: 2019-20

# **Goal 2 - English Language Arts**

#### **Supplemental Instructional Materials - ELA**

#### \*Strategy/Activity - Description

The strategies outlined in this strategy are designed to support all learners at our site. When teams are designing instruction and setting goals, we are engaged in work that supports each and every learner. However, by refining our intervention practices and RTI processes, we are taking a special lens to our students learning English to consider the specific instruction and supports they may need to succeed.

- Increase amount of age and level-appropriate text in classroom libraries.

- Increase amount of targeted (guided reading) materials accessible to primary teachers.

## \*Proposed Expenditures for this Strategy/Activity

#### Analysis:

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

#### Description:

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal

Proposed Expenditures	FTE	Estimated Cost	Funding Source	Rationale	What is working (effective) & why?	What is not working (ineffective) & why?	Modification based on evaluation results.
Supplies		\$10,067.00	30100-4301	Supplies to support instruction developed in the PLCs	This is effective. We have had an increase in student enrollment in our primary grades and, as a result, did not have enough reading materials to support each classroom.	N/A	Through support from the PTA, we also received books needs for our most needy classroom libraries We still have more materials to order.

Supplies	\$4,624.00	30106-4301	Supplemental supplies to develop instructional routines researched by the PLCs	Utilizing needed supplies for designing instruction and making copies including but not limited to student books and reading materials for teachers.	N/A

Note/Reminders (optional):

#### **Professional Development**

#### \*Strategy/Activity - Description

The UPP at Spreckels is 46.4% and we know these students are traditionally underperforming in core content areas. With this in mind, we are using LCFF dollars to support the professional development plan at Spreckels for this school year. The strategies outlined are designed to for the primary benefit of unduplicated students but will support all learners at school. When teams are designing instruction and setting goals, we are engaged in work that supports each and every learner through classroom and intervention support. However, by refining our intervention practices, RtI process, we are taking a special lens to our students learning English to consider the specific instruction and supports they may need to succeed. All teachers will be engaging in eight rounds of PLCs focused around designing Tier 1 instruction that meets the needs of diverse learners with special attention to students not in the sphere of success. Our professional learning across the year focused on the question: *How can we cultivate independence and strengthen collaboration to empower all learners*? This focus is broken into three site-created cycles of learning that guide the scope and sequence of instructional practices that will be studied and tried on throughout the year. Classroom observations, feedback, and modeling/coaching by Principal and Vice Principal will be aligned to the current cycle of learning/focused instructional practice to support integration of new learning into the classroom. By supporting stronger instruction via professional learning and observation, students will have better access to high-level and engaging instruction across content areas and more students will be engaged in learning.

We are also increasing the number of PLC days our teachers can have by partnering with the VAPA department for the Arts Education Program. They will send visiting teachers (that the site will use Title I funds to cover) and the students will receive visual and performing arts instruction while their teachers are at PLCs.

Services & Other Operating		\$32,576.00	30106-5000	Release time for VAPA teachers who will come to instruct during PLCs	Teachers developed their own inquiry of study based on student data. Teachers enjoy time to share data. Better alignment across grades.	Only issue is scheduling with VAPA and room needs. We have been able to work around this.	Teachers enjoy nor having to write sub plans. Teachers also enjoy the frequency of meeting. Students provide positive feedback on the program. We have shifted PLCs to be grade level inquiries so my leadership stance has shifted so that I can support the differentiated learning occurring in each PLC. I have also aligned classroom feedback to the work of PLCs.

# **Goal 4- English Learners**

**ESL** Assistant

## \*Strategy/Activity - Description

This strategy will specifically support the population of English Learners at Spreckels. Additionally, as we refine our practice around language development, many other learners who may not be learning English will benefit as well. In order to be more strategic and focused on supporting our English Learners we will implement the following strategies:

- Close tracking and support of newly reclassified students

-Weekly meeting between the principal and EL assistant to track EL data and discuss students as they enroll

Note/Reminders (optional):

## Strategy/Activity 3

# \*Strategy/Activity - Description

Provide high-quality communication to parents through multiple measures to ensure accurate knowledge about school efforts and programs:

- Monthly newsletter highlighting school focus, important updates, our Social/Emotional work, academic work

- Weekly emails regarding school events and reminders
- Regular parent meetings highlighting school data, school wide focus, and classroom practices
- Regular school and community tours to onboard new families to understand our school focus and work around equity

More work on aligning PLCs across grade levels.

# **Goal 3 - Mathematics**

#### **Tier 1 Mathematics Instruction**

## \*Strategy/Activity - Description

During PLCs, we will use our school focus around collaboration to consider how to embed collaboration, strategic partnerships, and talk structures into our mathematics instruction to engage more learners and in turn support them in building a deeper understanding of mathematical concepts.
