According to your site's Assignment Book, are there teachers at your school site who are not District GATE Certified but are teaching a GATE Cluster class for this school year? Yes  No

Has a waiver been completed for these teachers?  Yes  No N/A

### How do the GATE Cluster classroom teachers identify academic skill levels and provide direct instruction, interventions, and/or acceleration for students identified as GATE Cluster?

Teachers determine academic skill levels through our universal screener, FAST, assessment, DRA levels, and other multiple measures to determine individual student needs. The learning is accelerated of those Gate students that require that enrichment.

Instruction is planned with each grade-level team and instruction is modified for those Gate students that require it. Students engage in collaborative groups and independently for Project-Based

Learning opportunities based on their interests.

Students' needs, strengths, and interests are monitored throughout the year and support is provided accordingly.
