According to your site's Assignment Book, are there teachers at your school site who are not District GATE Certified but are teaching a GATE Cluster class for this school year? Yes No

Has a waiver been completed for these teachers? Yes No

How do the GATE Cluster classroom teachers identify academic skill levels and provide direct instruction, interventions, and/or acceleration for students identified as GATE Cluster?

We have many assessments that we use to identify the academic skill levels for our GATE students including IRLA, Lexia, FAST and interim. These students are provided small group instruction that meets their level. In addition, the software program Lexia also matches their level (even if they're above grade level).
