

Revised: October 23, 2017

FIELD / ACTIVITY TRIP SEATING CHART

The following seating chart was created as a guide for current school bus capacities and should be utilized for planning purposes when requesting a Field/Activity Trip. Chaperones/Staff should be calculated in your count as 1.5 of a child for grade levels Pre-K thru 8th grade.

Example: If you're transporting 49 children with 10 adults...the adults would count as 15+49 children for a total capacity of 64.

Finally, additional equipment (ie: sports/band equipment, coolers or student safety devices) will reduce the maximum passenger counts listed below. The number of buses used for a Field/Activity Trip is determined by the information provided in the trip request. Please feel free to call the Field Trip Office in advance at the following 858-496-8775 or 858-496-5102 for any assistance planning your Activity Trip.

School Bus Size	Pre-K thru 5th Grade (Bus Capacity)	6th thru 8th Grade (Bus Capacity)	9th thru 12th Grade (Bus Capacity)
Large	64	58	52
Small	41	36	32
Wheel Chair	20 walk on & 3 Wheel Chairs	16 walk on & 3 Wheel Chairs	16 walk on & 3 Wheel Chairs
