

Middle School Virtual STEM Camps

Virtual STEM Summer Camps at the Fleet Science Center will provide students with a camp experience from the comfort of their homes. Each Virtual Camp kit includes:

- Prepackaged materials ranging from craft supplies to specialty items packed by our Science Educators
- Additional Educational content and challenges
- Video content that introduces the challenge and provides strategies for caregivers in confidently facilitating these activities. Designated live virtual weekly meetings with a Fleet Science Educator to keep everyone connected, share results and ask questions.

Campers will put their knowledge to the test in engineering design challenges, with options for additional extensions to challenge a variety of student abilities.

Date: June 22-25, 2021 from 1pm-2pm

Materials will be available to pick-up on Wednesday, June 15th from 3:30pm-4:30pm at the Fleet Science Center.

Tuesday	Wednesday	Thursday	Friday
Biology: DNA Structures	Chemistry: Acids and Bases	Environmental Plant Cycle	Coding: Binary Basics

Questions: Contact, Sandy Valdivia, Education Coordinator, at education@rhfleet.org or (619) 238-1233 x847
