Pesticide Use Notification Request (OPTIONAL)	
To be included on the notification registry, complete this form and return to address shown below, or submit electronically at <a href="https://www.sandiegounified.org/node/1557">https://www.sandiegounified.org/node/1557</a>	
<b>If you do not wish to be notified, please disregard this notice</b>	
San Diego Unified Schools complies with the Healthy Schools Act of 2000 requiring use of effective and least toxic pest management practices, and provides annual notification to all parents or guardians of students enrolled at a district school with a listing of all pesticides that may be applied at their site. Parents or guardians may request prior notification of individual pesticide applications for their school site. Those listed on this registry will be notified at least 72 hours before pesticides are applied. In an emergency that requires spraying of pesticides, the site will be notified and signs posted; however, those listed on the registry will not be notified.	
<b>Please Print</b> <i>(Notifications will not be sent to unreadable or incomplete requests.)</i>	
Date:	School or Daycare Ctr: <i>(no abbreviations)</i>
Student's Name:	
Parent/Guardian's Name:	
Your Mailing Address: <i>(Include city and zip code)</i>	
Email Address:	
I prefer to be notified by	<input type="checkbox"/> Email <input type="checkbox"/> U.S. Mail
By signing below, I understand that upon request, the public school district or child daycare center listed is required to supply information about individual pesticide applications at least 72 hours before application.	By signing below, I also understand it is my responsibility to request notification on an annual basis. The Integrated Pest Management office will <u>begin</u> accepting requests August 1 of each current school year.
