**MONDAY**

*Choose one of the following topics to write about.*

**Creative Writing**

Your writing should be at least 4 sentences long, make sense, and have correct punctuation.

1. Write about at least two or more of your New Year’s resolutions for 2020. Write and tell why you want to make those resolutions and how you are going to accomplish each one.

2. Write about your favorite part of winter vacation. Include why it is your favorite part and if you would like it to happen again or do it next year.

**OR**

**Book Report**— Choose one **FICTION** book you read this week. Write 2 or more sentences that describe what you think the story’s central idea/author’s message was. *Remember that sentences that begin with “I think…” or “I feel…” help get our thinking started.*

Example: I feel this book was about generosity because all the people in the book shared something. Generosity can help you make friends.

---

**TUESDAY**

**Reading**—Read for at least 15 minutes independently or with a partner and record one or more of the book titles on your reading log.

**Math**—**Complete one or more of the following math activities.**

1. Copy and answer each of the math facts then write a related addition or subtraction fact for each one.

   \[10+10 \quad 15-7 \quad 2+7 \quad 20-9 \quad 5+5 \quad 11+9\]

   Remember…Related facts use the same numbers, but in a different order.

   Ex. 9+6=15 15-6=9

2. Write 2 related addition and 2 related subtraction facts for the fact families \((9,2,11)\) \((13,6,7)\), and \((2,10,12)\).

   Ex. If the fact family is \((3,1,2)\), then the related facts are…

   \[1+2=3 \quad 2+1=3 \quad 3-1=2 \quad 3-2=1\]

3. Complete the following word problem.

   There were 6 students at the lunch court. Some more students came late. Now there are 11 students at the lunch court. How many students came late?

   **Write an addition sentence and a subtraction sentence to show 2 ways to solve the problem.**

   **Draw a rectangle around the unknown number you found in both number sentences.**

---

**Quotable Quote**

“We all live with the objective of being happy; our lives are all different… and yet the same.”

-Anne Franke-
**WEDNESDAY**

*Reading*—Read for at least 15 minutes independently or with a partner and record one or more of the book titles on your reading log.

*Math*—**Complete one or more of the following math activities.**

1. How do you know when to add? How do you know when to subtract? Write your answers using complete sentences.

2. Model the following numbers using a number bond, ten frames, and a number sentence (equation).
   *Don’t forget about your friendly 10.*

   **Example:** 14
   
   - Number Bond
     - 14
     - 10
     - 4
   
   - Ten Frames
     - 10
     - 4
   
   - Number Sentence
     - 14 = 10 + 4

3. Complete the following word problem.
   
   Mrs. Leatherwood wants to make 4 snowmen. It takes 3 snowballs to build 1 snowman.
   
   How many snowballs will she need?
   
   **Extra Challenge:** How many eyes will she need if each snowman has 2 eyes?

   **Draw pictures, write a number sentence, or use words to model your thinking.**

---

**THURSDAY**

*Reading*—Read for at least 15 minutes independently or with a partner and record one or more of the book titles on your reading log.

*Word Study*—Complete one of the following spelling activities. This week’s words are: change, you, American, life, group, become, always, & tried.

1. Write all your spelling words in ABC order.

2. Write each of your spelling words correctly, then write it as a crossword.

   **Example:**
   - car
   - c a r
   - r

---

**FRIDAY-SATURDAY-SUNDAY**

Take time out for family and friends. Be generous with your time and love. Also, remember to snuggle up with a good book for fun each day.
