

# Boone 4<sup>th</sup> Grade Syllabus

## Description of Grade

In grade four, students will continue to build important reading, writing, speaking, and listening skills. They will read more challenging literature, articles, and other sources of information and continue to grow their vocabulary. They will also be expected to clearly explain in detail what they have read by referring to details or information from the text. In writing, students will organize their ideas and develop topics with reasons, facts, details, and other information.

Your child will use addition, subtraction, multiplication, and division to solve word problems, including problems involving measurement of volume, mass, and time. Students will continue to build their understanding of fractions—creating equal fractions, comparing the size of fractions, adding and subtracting fractions, and multiplying fractions by whole numbers. They will also start to understand the relationship between fractions and decimals.

## Grading Policy

- 4-Exceeding grade level expectations (90%-100%)
- 3-Meeting grade level expectations (75%-89%)
- 2-Approaching grade level expectations (50%-74%)

## Discipline Policy

Children are expected to help maintain a safe, supportive and positive environment which is conducive to teaching and learning for all.

Students and staff will follow district guidelines, the Daniel Boone Citizenship Rubric, Code of Conduct and Restorative Practices.

Teachers will use Progress Reports and/or “Class Dojo” to notify parents and students of academic and behavior progress. To stay actively involved with your child’s progress, parents are expected to join this free online program.

Students who do not complete their work may lose some or all of their first recess.
