

The award-winning and nationally acclaimed Academy of Business has been preparing students for a career in the competitive business world since it opened its doors in 2004.

Supported by the AOBT Foundation, Academy of Business works to prepare students for college and career, emphasizing skills in business and finance.

**Relevant courses, real-world experiences, team collaboration and industry partnerships provide students with a competitive edge.**

With a rigorous curriculum that focuses on a wide variety of business environments, such as finance, entrepreneurship, stock market, real estate, and marketing, and new state-of-the-art facilities including a mock trading floor, the Academy of Business encourages students to think innovatively and creatively to become future leaders and problem solvers.
