"ALL GRADUATION REQUIREMENTS must be satisfied prior to participation in the June commencement exercises."

CERTIFICATE OF COMPLETION REQUIREMENTS: Students who are non-diploma bound will earn a Certificate of Completion based on the completion of their IEP/ITP goals and objectives and are expected to meet the same citizenship, discipline and attendance requirements required for the diploma-bound students.

II. REQUIREMENTS FOR PARTICIPATION IN SENIOR PRIVILEGES: The phrase "senior privileges" appearing in this document refers to ALL senior activities, including and not limited to, the senior annual signing party, the senior picnic, the senior prom, and participation in the graduation ceremony.

- OVERALL: Seniors MUST maintain satisfactory school citizenship & behavior during their senior year in order to participate in any of the senior privileges.
ACADEMIC REQUIREMENT: Any senior who has below a 2.00 WGPA on the Spring 12-week progress report will be denied the privilege of attending the Senior Prom.
CITIZENSHIP: Seniors must meet a minimum standard of 2.00 citizenship grade point average on Fall Semester report card and those not meeting this standard will be identified for possible exclusion from ALL senior privileges. Any senior who earns a citizenship/academic grade point average of below 2.00 on the 12-Week Spring Progress Report will be excluded from ALL senior privileges.
DISCIPLINE: ANY suspension or major disruption to the school environment during the school year of the student's senior year will result in a behavior contract being imposed during a conference with a vice-principal and possible exclusion from one or more senior activities for the year. Violation of contracts will result in exclusion from ALL senior privileges. Any five-day suspension during the senior year automatically excludes the student from participation in ALL senior privileges.
ATTENDANCE: Seniors identified as chronic truants are subject to the terms of an attendance contract. Seniors who have been placed on an attendance contract and violate the terms of that contract may be excluded from some or all of their senior privileges depending on the circumstances.

APPEAL BOARD: With regards to exclusions from senior privileges for any reason, each high school site has an appeal board (Graduation Review Board) composed of, but not necessarily limited to, an administrator, teacher and counselor. This appeal board will determine the student's loss of privileges and/or continued participation in graduation and/or senior privileges (Administrative Procedure 4770 14B, 3).

SUMMER GRADUATES: While a student may not participate in the June graduation ceremony without completing ALL of the graduation requirements, he/she will have until the end of summer school following his/her senior year to earn a diploma with their class by satisfying ALL of the State and District graduation requirements.
