Clairemont children pursue their passions at Marston Middle School

Students choose from 50 exploration courses and 10 electives such as Robotics, Engineering and Construction, Theater, Orchestra, Spanish, Medical Detectives, Dance, TV Studio, Graphic Design, and various sports.

Marston offers a Gifted and Talented Education (GATE) program for both cluster and Seminar-identified students.

Students turn their dreams to reality at Clairemont High School

- Earn free college credits with AP and community college courses
- Full academic program including theater, arts, and music
- One of only two schools in the nation and the only West Coast high school chosen as a school-to-career Linked Learning demonstration model
- Internships and job shadowing through our award-winning Academies of Business; Engineering Design; Health and Medical Science; and Information Technology

Parents welcome!

We're so proud of our quality neighborhood schools, we invite you to visit and experience each campus for yourself. Principals offer personalized tours of the facility and classrooms.

For a personal tour of your neighborhood school, email clairemontschools@sandi.net
