- An Innovative New Mentoring Program for High School Students Interested in Computer Science and Engineering: **UCSD Anita Borg Leadership and Engagement (ABLE) Program** for High School Students
 - A unique mentoring experience for students in grades 10-12. The program's mission is to engage young women in the fields of computer science and engineering through workshops, campus and community events, corporate visits and undergraduate mentor matches. By providing a firsthand look into these two areas of interest and highlighting a variety of career opportunities in an encouraging and supportive environment, it is our hope that these young women continue on to pursue careers in STEM fields.
 - ABLE will begin its pilot year with a kick off luncheon scheduled for **November 18, 2017**. This inaugural event will be followed by a series of planned events, all with a focus on computer science and engineering and how these two fields play an important role in our daily lives and in the technology-driven world around us.
 - For more information and to register, please visit http://education.sdsc.edu/studenttech/?page_id=678.
 - Questions can be sent to Ange Mason via email at amason@ucsd.edu or by phone at 858 534-5064.
- ID cards are available now - If you need yours, you can see Site Tech, Andrea Griffin, in the main office at Lunchtime
- New Library Newsletter is posted on the school website and also available here: <https://www.smores.com/569s2>

Congratulations!
