Department and/or

Persons Concerned: Principals and Area Superintendents

Due Date: April 23, 2020

Action Requested: Review, Revise (if necessary) Site’s 2020-21 Bell Schedules and Calendar

Brief Explanation:

The California Department of Education requires an annual certification of each school’s instructional minutes. Substantial financial penalties will be incurred by the district if a school fails to meet the minimum number of instructional minutes required by the state.

1. **Instructional Minutes Requirements** - The instructional minutes requirements below are based on a 180-day school year as approved by the Board:

Grade	Required Minutes
Kindergarten	36,000
Grades 1-3	50,400
Grades 4-6	54,000
Grades 7-12	64,800
K-8 Sites	62,835

Administrative Procedure 4026 says in part: “Regular instructional day for students in Grades 6-12 shall be determined by the Board of Education and shall not be less than 64,800 minutes per year including passing time, excluding lunch. Regular instructional day for students in Grades 6-8 in a school with a Grades K-8 configuration, however, shall not be less than 62,835 minutes per year including passing time excluding lunch, required by the Education Code.”

Please ensure that all schedules include a thirty-minute duty-free lunch period for full-time classroom teachers that is preceded by a passing period and succeeded by a passing period. As per Administrative Procedure 4026, only one of the passing periods surrounding the lunch period may count toward the site’s instructional minutes and all passing periods must be equal.

Bell schedules must fit within report and end times for educators. Report and end times for full time classroom teachers must adhere to the provisions of the San Diego Education Association / San Diego Unified School District Agreement which stipulates a minimum of six hours and thirty-five minutes on-campus duty time, plus the minimum thirty-minute duty-free lunch and a five-minute passing period before and after. Please contact Labor Relations, 619-725-8060, if you have any questions about report and end times at your site.

2. **Annual Instructional Minutes Schedule Update** – Beginning with the 2018-19 school year, there was a change in the way instructional minutes were collected. **School sites will not receive the Instructional Minutes file they received in the past. School sites are requested to do the following:

All days that have a different bell schedule must be accurately reflected in PowerSchool, including minimum days, modified days, final days, A or B day schedules, or any other variation from your regular day. Bell schedules must include two passing periods both to and from lunch, and the lunch period itself.
 - ii. Schools may optionally enter Lunch period(s) in the bell schedule. Please contact Pupil Accounting to discuss using a Lunch period in your bell schedule.
 - iii. Lunch on Minimum Days: Lunch must take place prior to the end of the school day for 30 minutes prior to dismissal. It is suggested that lunch is not scheduled at the end of the academic school day.
 - iv. Recess at Elementary Sites: It is suggested that recess takes place prior to lunch, when possible.
