| A functional classroom is one in which the teacher can teach interactively with the whiteboard and student netbooks. The <u>Interactive Whiteboard (WB)</u> has been installed, the teacher is connected to the whiteboard via a <u>teacher tablet</u> PC laptop, and the students are connected via <u>netbook laptops</u> . Wireless connectivity has been established in the room through the installation of a <u>wireless access point (AP)</u> , and the teacher has been trained on the operation of the whiteboard, teacher tablet and netbooks. | A complete suite is a functioning, interactive classroom that has also been outfitted with peripheral equipment. The furniture, fixtures and equipment (FF&E) that complete the interactive suite are a voice amplification system, teaching table, stool, DVD, document camera, and network printer. |
