

Take to Your SSCs

District Advisory Council General Meeting

January 18, 2017

- Share any Ballard Center News that may benefit your school site or provide training to parents.
- Share with your SSC anything from the Area Superintendent's presentation on Learning Cycles.
- Remind members of your SSC as well as other stakeholders that the LCAP presentations are available online, and encourage them to watch at <https://www.sandiegounified.org/what-lcap> and that they can offer feedback using the online form <https://www.surveymonkey.com/r/LCAP17> or by emailing lcap@sandi.net
- Let your School Site Council know about the Calendar Committee update and get feedback from them concerning the 2018-19 school year start date.
- Take the new Title I ranking scenarios back to your SSC and discuss what impact the different scenarios as well as the changes to the "meal eligibility" may have on your school site.

Notes:
