

DELAC End-of-the Year Needs Assessment

Keeping Our Meetings Relevant and Goal-Oriented

June 1, 2017

Purpose:

In looking ahead to the 2017-2018 school year, the DELAC officers hope to provide presentations on issues that will serve to enhance and advance educational opportunities for our students, and provide relevant topics and learning opportunities for our members. There have been many recent changes to educational policies in the state of California. Many factors, at home and at school, academic and social, can contribute to educational success for our children. DELAC can be a venue for caring adults to come together and share information for a common cause – promoting the academic achievement of our students.

We thank you in advance for completing this needs assessment survey. We plan to use the results to guide our selection of topics for presentations at DELAC meetings during the 2017-2018 school year.
