According to your site's Assignment Book, which teacher(s) is/are District GATE Certified and teaching a GATE Cluster class for the 2015-2016 school year?

- Rebecca Crawford**
- Margaret Steinberg**
- Denice Rousey**
- Erica Segale**
- Michelle Lovern**
- Allison Wilson**

How, and when, do the GATE Cluster classroom teachers identify academic skill levels and provide direct instruction, interventions, and/or acceleration for students identified as GATE Cluster?

Small, homogenous guided reading groups, after school tutoring and specifically-designed, on-line supports are available and allow for individual pacing. Response to Invention (RTI) is used to provide support for at-risk students. Collaborative conversations allow integration of all students regardless of ability or language to participate fully.

In addition to mastery of CCSS, what are your GATE program goals?

Provide differentiated instruction to ensure all students are able to achieve at their greatest potential, and assure each student will make at least one grade level worth of growth. All GATE teachers will implement strategies to ensure this differentiation occurs across the curriculum

When are your two GATE Cluster Parent Meetings scheduled?

Date: November 10, 2016	Date: TBA
GATE Program Overview meeting focus: Differentiation – What to Look For in Your Child's Classroom	Newly Identified GATE Student meeting focus: Due to the implementation of a new testing instrument in 2016, we don't know when our testing will take place. Meeting for newly-identified GATE students will take place once a testing window is established.
