Henry Cluster	11-19-15	(All) Supt's Goals	Communication is improving.	Better communication. Website is still VERY broken. Links broken everywhere.	1. Restore music and PE to all schools at all levels.  2. Increased SpEd funding and staffing.  3. ELST at all school sites.	I see the same data over and over and no matter how many times I have asked I never see different numbers. Have requested to see the SpEd categories broken down into certificate track vs diploma bound and it never appears. This data is too monolithic. Presentations feel generic, rather than tailored to the audience for the meeting. Same slides shown at CAC as at other meetings.

Henry Cluster	11-19-15	(All) Supt's Goals		<p>I'd like practical technology training for teachers. A lot of the time teachers teaching elementary and middle school are shown many cool features that are only possible in high school because an e-mail address is needed. This ends up adding to the achievement gap because students of means have access to technology at home and are prepared for the more advanced tech in high school. ASB	11-10-15	1 - Closing the Achievement Gap	There are a lot of AP courses available for college.  Teachers evaluate us fairly and help us improve on our work; feedback we get on essays, projects, etc.  Tutoring and Saturday make-ups are available.  Students with disabilities have interactive programs on their iPads.  English Learners have the ESL program, which helps them in other classes as well, not just English since we are required to write essays for our history classes as well.	Some teachers are very opinionated when they teach, which could sometimes be biased.  I don’t think anyone is aware that Africans, African-Americans and Latino students have access to additional support.

Madison Cluster	1-11-16	2 – Broad & Challenging Curriculum	This cluster’s alignment of ESL with the middle school (students attending at the high school).  The increase in the dedication to counseling funding.	To better fund the high school to support this plan.  More academic counselors at the high school and middle level – maybe 250:1?		
LAC	1-07-16	3 - Quality Leadership, Teaching & Learning	Revised teacher recruitment – targeting Dec grads.  Revised online application.  Early recruitment.	Continued outreach – connections to organizations like MECHA.	Internships for bilingual/dual language programs.	
LAC	1-07-16	3 - Quality Leadership, Teaching and Learning	Advisory Committee (staff, community, IHEs) Researching schools with large numbers of ethnically diverse students – targeted recruitment.  Rebuilding relationships with IHEs, specific staff responsibilities.  Redesign of staffing questions to identify culturally proficient candidates.  Streamlining hiring process, online system.  Better induction process.	More diversity (culturally proficient) – need Latino and African-American teachers.  Recruitment incentives.
