SCHOOL-CONNECTED ORGANIZATIONS

FUNDRAISING ACTIVITIES BY NONDISTRICT ORGANIZATIONS (NO SCHOOL PROCEEDS)

The purpose of this administrative regulation is to set out procedures governing school site administration’s interaction with nondistrict organizations who seek to fundraise for a purpose other than for the school or district.

The district shall not endorse or recommend any product or service, commercial or otherwise, except in cases where the board or its designee has approved an exclusive provider.

Solicitations on School Premises

Generally, solicitation of students on school premises is prohibited by Education Code section 51520, which states:

During school hours, and within one hour before the time of opening and within one hour after the time of closing of school, pupils of the public school shall not be solicited on school premises by teachers or others to subscribe or contribute to the funds of, to become members of, or to work for, any organization not directly under the control of school authorities. (Education Code 51520)

Unless the organization is a nonpartisan, charitable organization organized for charitable purposes by an act of Congress or under the laws of the state, the purpose of the solicitation is nonpartisan and charitable, and the solicitation has been approved by the county board of education or by the governing board of the school district in which the school is located. (Education Code 51520)

A nondistrict organization seeking authorization to solicit as a charitable organization, must present a letter or certificate issued by Internal Revenue Service pursuant to Section 501 of Internal Revenue Code.

Granting or denial of permission to a nondistrict organization to solicit shall be based upon consideration of the following criteria:

1. The purposes of the fundraising activity must be charitable, nonpartisan, nonpolitical, nonsectarian, and nondenominational in nature.

2. The manner in which the fundraising activity will be conducted (e.g., demand made on staff or instructional time and district materials must be minimal). Any fundraiser conducted during instructional time must have instructional value as determined by the site principal.

3. Identification of the sponsors, officers, and individuals participating in the fundraising activity.
FUNDRAISING ACTIVITIES BY NONDISTRICT ORGANIZATIONS (NO SCHOOL PROCEEDS) (continued)

4. Disclosure of the identity and location of any “parent” organization with which the soliciting organization is affiliated or of which it is a subsidiary.

5. School/community and school/parent relation aspects of specific fundraising activities.

Nothing in this section shall be construed as prohibiting solicitation of students of the public schools on school premises by students of that school for any lawful purpose. (Education Code section 51520)
