ASSIGNMENT

In order to serve the best interests of students and the educational program, the Board of Education authorizes the Superintendent or designee to assign certificated personnel to positions for which their preparation, certification, professional experience, and aptitude qualify them.

Teachers may be assigned to any school within the district in accordance with the collective bargaining agreement or Board policy.

Assignment to Courses/Classes

The Superintendent or designee shall assign teachers to courses based on the grade level and subject matter authorized by their credentials.

When specifically authorized by law or regulation, the Superintendent or designee may assign a teacher, with his/her consent, to a position outside his/her credential authorization in accordance with the local teaching assignment options described in the Commission on Teacher Credentialing’s (CTC) Administrator’s Assignment Manual. Assignments made pursuant to Education Code 44256, 44258.2, and 44263 shall be annually approved by Board resolution. In such cases, the Superintendent or designee shall reference in district records the statute or regulation under which the assignment is authorized.

The Superintendent or designee shall periodically report to the Board on teacher assignments and vacancies, including the number and type of assignments made outside a teacher’s credential authorization through a local teaching assignment option. Whenever district misassignments and vacancies are reviewed by the County Superintendent of Schools or CTC, as applicable, the Superintendent or designee shall report the results to the Board and shall provide recommendations for remedying any identified issues.
