The MMHS Seminar Program strives to create an atmosphere that is both challenging and safe, and differentiated to meet the needs of highly gifted students so that they will become critical thinkers who actively improve the world around them.

**Curriculum modifications to provide depth, novelty and complexity:**

- Kaplan’s icons of Depth and Complexity to support and represent understanding.
- Thematic courses with students-designed culminating project.
- Aligned curriculum and strategies.
- Socratic Seminars

**Opportunities for student choice and creative expression:**

As a general policy, we allow all seminar students to suggest an alternative method of completing any major class assignments.

All coursework is differentiated as appropriate.

**Unique activities and approaches:**

- Read Across America 2-Day Event: hosted by grades 8-12 area Seminar students for area Kindergarteners.
- Technology-based learning
- Choice of AP classes at every grade level including new AP Diploma 2-year seminar course.
