| Children who test three standard deviations above the mean are atypical learners who require programs significantly differentiated from the more typical GATE Cluster programs in order to feel comfortable with themselves and their differences and to develop their exceptional potential. The Seminar Program is intended to serve varied students who need extraordinarily high-level, advanced and challenging curricular activities; those with extremely high tested ability but low school achievement; and those students who are divergent thinkers and “march to a different drummer.” | Raven score of 99.9 %ile  
-or-  
Raven score of 99.6–99.8 %ile + factor
