

Changes to LCAP – Based on Stakeholder Feedback

Following the Public Hearing and First Reading on June 9, 2015, we received some very **thoughtful feedback on the LCAP from DAC, DELAC, bargaining groups, parents, and other individuals**. This input and feedback was considered and additional changes, modifications, and clarifications have been made to the LCAP based on stakeholder input and feedback. These centered around:

1. Process and timeline
2. Metrics
3. Actions/Services
4. LCAP Formatting and Additional Resources

1. Process and Timeline:

Many stakeholders requested **additional time to review the LCAP**, wanting it posted sooner to allow for more thoughtful review. This year's change in template, new Annual Update and other factors made for a more complicated LCAP development that took a little longer to develop. Next year will most likely NOT have significant changes to template and district goals. For next year, planning to assure more time to review, with adjustments in engagement and process include:

- a) Adding and ensuring **representation for ALL clusters in the Planning Team**.
- b) **Adding a meeting and/or moving up the Planning Team meeting dates** to allow more time for processing and ample opportunity to review the developing Draft Revision.
- c) **Post draft LCAP earlier** – even in “developing” format.
- d) Providing a **full day Board Workshop** that is agendaized for ease of public participation in all or selected parts for the workshop.
- e) **Monthly updates will continue** – and be brought to cluster and other parent and stakeholder meetings.

2. Metrics:

Important to note **some confusion related to metrics**: Metrics are selected indicators to show progress toward achieving the GOALS. There are **not metrics for EACH action** area. (Actions are monitored in various ways, including reporting out in the Annual Update.)

General LCAP structure: Metrics and Actions relate to the GOAL. Expenditures relate to each Action.

Suggestions on metrics were provided, and adjustments included:

- a) Goal 1: **Added a metric for Long-term ELs** – measuring English proficiency and differentiating between those with continuous enrollment and those with interrupted enrollment (moving in/out of the district/country numerous times over the years).
- b) Goal 1: **Added metric for Seal of Biliteracy and Fitnessgram** (new this year – part of first read).
- c) Goals 1 and 3: **Removed metrics related to Cultural Proficiency, Quality Teaching, Leadership, and Professional Learning Continuums** – as they haven't yet been developed. (However, we **added corresponding Actions to develop these metrics next year** – to be used in the LCAP.)

- c) **Goal 1: Action 1.10: Support for African, African American and Latino Students:** Added actions and clarified (now – 9 items “a-l”). Added:
